SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Housing Authority of Snohomish County July 1, 2022 through June 30, 2023

SECTION I – SUMMARY OF AUDITOR’S RESULTS

The results of our audit of the Housing Authority of Snohomish County are summarized below in accordance with Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Financial Statements

We issued an unmodified opinion on the fair presentation of the basic financial statements of the business-type activities and the aggregate discretely presented component units in accordance with accounting principles generally accepted in the United States of America (GAAP).

Internal Control over Financial Reporting:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over financial reporting that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We noted no instances of noncompliance that were material to the financial statements of the Housing Authority.

Federal Awards

Internal Control over Major Programs:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over major federal programs that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We issued an unmodified opinion on the Housing Authority’s compliance with requirements applicable to each of its major federal programs.

We reported no findings that are required to be disclosed in accordance with 2 CFR 200.516(a).

Identification of Major Federal Programs

The following programs were selected as major programs in our audit of compliance in accordance with the Uniform Guidance.

<u>ALN</u>	<u>Program or Cluster Title</u>
10.415	Rural Rental Housing Loans
14.871	Housing Voucher Cluster – Section 8 Housing Choice Vouchers
14.879	Housing Voucher Cluster – Mainstream Vouchers

The dollar threshold used to distinguish between Type A and Type B programs, as prescribed by the Uniform Guidance, was \$2,111,881.

The Housing Authority qualified as a low-risk auditee under the Uniform Guidance.

SECTION II – FINANCIAL STATEMENT FINDINGS

None reported.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

None reported.

INDEPENDENT AUDITOR'S REPORT

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Housing Authority of Snohomish County July 1, 2022 through June 30, 2023

Board of Commissioners
Housing Authority of Snohomish County
Everett, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component units of the Housing Authority of Snohomish County, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Housing Authority's basic financial statements, and have issued our report thereon dated March 20, 2024.

Our report includes a reference to other auditors who audited the financial statements of the Jackson House at Pacific Crest Limited Liability Partnership, the Olympic and Sound View Limited Liability Company, and the Westend HASCO Limited Liability Limited Partnership, as described in our report on the Housing Authority's financial statements. This report includes our consideration of the results of the other auditor's testing of internal control over financial reporting and compliance and other matters that are reported on separately by those other auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the reports of the other auditors.

The financial statements of Jackson House at Pacific Crest Limited Liability Partnership were audited in accordance with Government Auditing Standards. The financial statements of the Olympic and Sound View Limited Liability and the Westend HASCO Limited Liability Limited Partnership were not audited in accordance with Government Auditing Standards and accordingly this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Olympic and Sound View Limited Liability and the Westend HASCO Limited Liability Limited Partnership.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Housing Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Housing Authority's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

REPORT ON COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Housing Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Housing Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

INDEPENDENT AUDITOR'S REPORT

Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance

Housing Authority of Snohomish County July 1, 2022 through June 30, 2023

Board of Commissioners
Housing Authority of Snohomish County
Everett, Washington

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

Opinion on Each Major Federal Program

We have audited the compliance of the Housing Authority of Snohomish County, with the types of compliance requirements identified as subject to audit in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the Housing Authority's major federal programs for the year ended June 30, 2023. The Housing Authority's major federal programs are identified in the auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the Housing Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Housing Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination on the Housing Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Housing Authority's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Housing Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and the Uniform Guidance will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the Housing Authority's compliance with the requirements of each major federal program as a whole.

Performing an audit in accordance with GAAS, *Government Auditing Standards* and the Uniform Guidance includes the following responsibilities:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Housing Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances;

- Obtain an understanding of the Housing Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority's internal control over compliance. Accordingly, no such opinion is expressed; and
- We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed. Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified.

Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

INDEPENDENT AUDITOR'S REPORT

Report on the Audit of the Financial Statements

Housing Authority of Snohomish County July 1, 2022 through June 30, 2023

Board of Commissioners
Housing Authority of Snohomish County
Everett, Washington

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinions

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the Housing Authority of Snohomish County, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Housing Authority's basic financial statements as listed in the financial section of our report.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the Housing Authority of Snohomish County, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Jackson House at Pacific Crest Limited Liability Partnership, the Olympic and Sound View Limited Liability Company, and the Westend HASCO Limited Liability Limited Partnership, which in aggregate represent 100 percent of the assets, net position and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Jackson House at Pacific Crest Limited Liability Partnership, the Olympic and Sound View Limited Liability Company, and the Westend HASCO Limited Liability Limited Partnership, is solely based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards required that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Olympic and Sound View Limited Liability and the Westend HASCO Limited Liability Limited Partnership were not audited in accordance with *Government Auditing Standards*.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Housing Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Housing Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Performing an audit in accordance with GAAS and *Government Auditing Standards* includes the following responsibilities:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements;
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Housing Authority's ability to continue as a going concern for a reasonable period of time; and
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

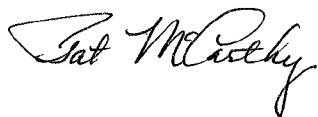

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information listed in the financial section of our report be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Housing Authority's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The accompanying Financial Data Schedule form is supplementary information required by HUD. These schedules are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated March 20, 2024 on our consideration of the Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Housing Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority's internal control over financial reporting and compliance.

Pat McCarthy, State Auditor

HOUSING AUTHORITY OF SNOHOMISH COUNTY

Management's Discussion and Analysis For the Year Ended June 30, 2023

The Housing Authority of Snohomish County ("HASCO" or the "Authority") owns and manages property and administers rental subsidy programs to provide eligible low-income persons safe and affordable housing. HASCO is a political subdivision of the State of Washington created under the authority of Revised Code of Washington (RCW) Chapter 35.82. The Authority manages a broad range of federally and locally financed housing programs serving Snohomish County. The Authority owns or manages in excess of 2,330 units of housing and provides rental subsidies to over 4,040 additional families.

The Authority's mission is to meet the diverse needs of Snohomish County residents by expanding housing opportunities that promote stability, strengthen community, and provide affordability.

As management of the Authority, we offer readers of the Authority's financial statements and the related footnote disclosures this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended June 30, 2023. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements and accompanying footnotes. The management discussion and analysis are presented in conformance with generally accepted accounting principles (GAAP).

The Authority's financial statements are designed so that all activities of the Authority, except the tax credit limited partnerships in which HASCO is the general partner, are reported in one total column. The tax credit limited partnerships are reported in a separate column as component units. All the tax credit partnerships have December 31st year end. See Note 9 for more detailed information on these projects.

Overview of the Financial Statements

The financial statements are presented in accordance with generally accepted accounting principles. The Authority follows the 'business type activity' reporting requirements that provide a comprehensive overview of the Authority's financial activities. The statements are:

- Statement of Net Position
- Statement of Revenues, Expenses, and Changes in Fund Net Position
- Statement of Cash Flows

The statements are prepared on the accrual basis and present all assets and liabilities of the Authority, both financial and capital assets, as well as short and long term. They also present all revenues and expenses of the Authority during the year, regardless of when the cash was received or paid. Collectively the statements provide information regarding the Authority's financial condition as of June 30, 2023, and the results of its operations and cash flows for the year then ended. The financial performance discussed below does not include the operating performance of

three tax credit partnerships the Authority was involved in during the year, which are owned by separate limited partnerships or limited liability corporations but are managed by the Authority as general partner or managing member. These projects are reported in a separate component unit column on the financial statements.

Financial Highlights

- The Authority's total assets exceeded its total liabilities (net position) at the close of the most recent fiscal year by \$100,560,589. This was an increase of \$8,945,410 or 9.8% from the prior year. The primary reasons for the increase were due to completion of construction on a 26-unit apartment complex in Marysville, Westend II, and a large decrease in deferred inflows related to pensions.
- The Authority was profitable for the fiscal year and a surplus was generated.
- As of the close of the current fiscal year the Authority had total revenues, both operating and non-operating, of \$105,830,972. This was an increase of \$6,359,050, or 6% over the previous year's totals of \$99,471,921. The main reason for the increase in revenues is due to a \$8.6 million increase in HUD PHA Grants, rent revenue from two new properties starting in March 2023 and rent increases for most of our portfolio. The Authority also had net operating income in the amount of \$8,810,436 due to a decrease in administrative expenses offset by increases in maintenance repair costs and Housing Assistance Payments for the Housing Choice Voucher program.
- Total expenses, both operating and non-operating, were \$96,885,562 which was an increase of \$9,326,150 or 10.7% from the previous year's total of \$ 87,559,412. Of this total, \$67,138,947, or 69.3%, was for pass-through housing assistance payments in our Section 8 Housing Choice Voucher program. This was an increase of \$7,387,499, or 12.4%, over the previous year's housing assistance payments.

Financial Statements

The Authority is a special purpose government and has chosen to use the "proprietary fund" reporting model for its business activities, which is similar to accounting methods used in for-profit oriented business enterprises, that is then consolidated into columnar format and presents one column for the entire Authority.

These statements include a Statement of Net Position which is similar to a Balance Sheet. The Statement of Net Position reports all financial and capital resources for the Authority and is presented in a format where assets plus deferred outflows of resources less liabilities plus deferred inflows of resources equal "net position", formerly known as equity. Assets and liabilities are presented in order of liquidity and are classified as either current (generally convertible or redeemable with cash within one year) or non-current.

The balance sheet presents information about “net position” in three broad categories:

Net Investment in Capital Assets: This component of net position consists of all capital assets, reduced by the amount of outstanding debt that is attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position: This component of net position consists of assets that are restricted by external contracts or regulations, such as those of creditors (e.g. debt service reserves), grantors, laws, or other regulations. Self-imposed restrictions by the Authority do not result in restricted net positions.

Unrestricted Net Position: This component generally consists of anything that does not meet the definition of either of the first two components.

The Authority wide financial statements also include a Statement of Revenues, Expenses, and Changes in Fund Net Position, which is similar to an income statement. This statement includes the operating revenues and expenses as well as the non-operating revenues and non-operating expenses. The focus of the statement is the “change in net position” which is similar to net income or loss.

The Authority also includes a Statement of Cash Flows which discloses net cash provided by or used for operations, non-capital financing, capital and related financing and investing activities.

Statement of Net Position

The Statement of Net Position includes all assets, liabilities, deferred inflows and deferred outflows of the Authority using the accrual basis of accounting. The following table reflects the condensed information from the Authority’s Statement of Net Position for the last fiscal year.

Condensed Statement of Net Position (Balance Sheet) (in millions)

	June 30 2022	June 30 2023
Assets:		
Current Assets	38.1	40.0
Capital Assets, net of depreciation	150.7	188.2
Non-Current Assets	33.3	26.9
Total Assets	222.1	255.1
Deferred Outflows of Resources	1.9	2.7
Liabilities:		
Current Liabilities	2.4	2.6
Current Portion of Long-Term Debt	2.8	3.3
Long Term Debt	115.5	143.1
Non-Current Liabilities	6.9	6.4
Total Liabilities	127.6	155.4

Deferred Inflows of Resources	4.7	1.9
Net Position:		
Net Invested in Capital Assets	41.8	47.5
Restricted Net Position	3.5	4.7
Unrestricted Net Position	46.3	48.3
Total Net Position	91.6	100.5

Major Factors Affecting the Statement of Net Position

The Statement of Net Position measures the amount by which assets exceed the corresponding liabilities, or net position. Over time this may serve as useful measure of the Authority's financial position. The total net position of \$100.5 million is broken into three categories.

The first category – Investment in Capital Assets, represents the book value amount invested in capital assets net of depreciation and the related debt. The primary change that affected this category was the \$4.4 million in capitalized expenditures for Westend II Apartments.

The Restricted Net Position consists of three main components: debt service reserves held by trustees to support our debt service commitments, Section 8 Housing Assistance Payment reserves that are restricted and can only be used for housing assistance payments for our Section 8 Housing Choice Voucher program, and the net pension asset plus associated deferred outflows and deferred inflows related to the Authority's pension plan. The change in this portion of net position was mainly due to a decrease in the net pension asset related to pension accounts.

The Unrestricted Net Position represents the Authority's unrestricted cash and investments, which is essentially anything that does not fall into the first two categories. The increase in this category is essentially the offset to the first category – Investment in Capital Assets, Net of Related Debt – that is the result of scheduled payoffs.

Statement of Revenues, Expenses, and Changes in Net Position

The Statement of Revenues, Expenses, and Changes in Net Position presents the results of operations as well as the non-operating revenues and expenses. It is necessary to consider both operating and non-operating revenues and expenses to gauge the results of operations as often times the distinction between operating and non-operating is merely accounting definitions. As a result, we believe that it is best to consider all sources and uses of resources.

Condensed Statement of Revenues, Expenses and Changes in Net Position
For the Year Ended June 30th (millions)

	2022	2023
Operating Revenues		
Dwelling Income	24.1	27.4
Operating Subsidies and Grants	59.8	68.5
Other Income	7.0	5.7
Total Operating Revenues	90.9	101.6
Non-Operating Revenues		
Grants	1.5	2.2
Interest and Other Non-Operating	1.9	2.0
Disposition of Assets	5.1	0.0
Total Non-Operating Revenues	8.5	4.2
Total Revenues	99.4	105.8
Operating Expenses		
Operating and Administrative Expenses	19.6	22.0
Housing Assistance Payments	59.8	67.1
Depreciation	3.5	3.6
Total Operating Expenses	82.9	92.7
Non-Operating Expenses		
Interest Expense and Subsidy	4.0	3.6
Other Non-Operating	0.6	.5
Total Non-Operating Expenses	4.6	4.1

Major Factors Affecting the Statement of Revenues, Expenses, and Changes in Net Position

Direct grants and subsidies from HUD, or other grant programs, made up approximately 67.0% of the operating revenue we received in fiscal year 2023. By far the largest program the Authority administers is the Housing Choice Voucher Program, commonly known as Section 8. This program also generates our largest single category of expense in the form of Housing Assistance Payments, which are transfer payments to private landlords to assist eligible low-income families with their rent. Accordingly, a major factor affecting our Statement of Revenues, Expenses, and Changes in Net Position is Congress' continued appropriation and support for these programs. In fiscal year 2023, this support increased by more than 14% over the previous fiscal year.

In addition to administering certain programs for our grantor agencies, the Authority is also a real estate owner and is affected economically by the local real estate market. The local real estate market in Snohomish County has remained relatively strong, and many landlords began dramatically increasing rents after the COVID-19 prohibition was removed. The Authority also implemented modest rent increases at the end of June 2022 while still maintaining rent levels that are well below market rate levels.

As a result of these factors our owned real estate has performed relatively well in the local real estate market. Due to successive interest rate increases by the Federal Reserve, interest rates gradually increased during the second half of the fiscal year and have continued to increase in an effort to curb inflation. These interest rate increases have slowed the building of new units, further strengthening the real estate market. We operate in a limited geographical area and are unable to diversify our holdings across multiple markets.

Capital Assets and Debt Administration

Capital Assets

As of June 30, 2023, the Authority had \$ 188.2 million invested in capital assets as reflected in the following schedule, which is presented in detail in note number 4 in the financial statement footnotes.

Capital Assets at Year End (Net of Depreciation - in millions)

	June 30 2022	June 30 2023
Land	47.8	54.6
Buildings and Structures	86.6	119.0
Capitalized Improvements	12.2	13.6
Equipment and Personal Property	.4	.4
Capital Assets, net of accumulated depreciation	147.0	187.6
Add: Construction Work in Progress	3.7	.6
Total Capital Assets net of accumulated depreciation	150.7	188.2

This overall increase in the value of capital assets is due to the purchase of Madison Park Apartments and the completion of construction of Westend II Apartments during the fiscal year.

The following reconciliation summarizes the change in capital assets for fiscal year 2023, which is presented in detail in the notes to the financial statements. The decrease listed under Retirements is the capitalization of construction costs for Westend II Apartments, which was moved from Construction Work in Progress to Buildings and Structure after completion.

Change in Capital Assets (in millions)		
	2022	2023
Balance as of the Beginning of Fiscal Year	153.4	150.7
Additions	5.1	49.2
Retirements/Sales, net	(4.6)	(8.1)
Depreciation Expense	(3.2)	(3.6)
Balance as of the End of the Fiscal Year	150.7	188.2

Debt Administration

As of June 30, 2023, the Authority had \$146.4 million of bonds, notes, and loans payable outstanding, as compared to \$ 118.3 million outstanding as of June 30, 2022, an increase of \$28.1 million. The increase in our overall debt was due to a new bond issue for the purchase of Madison Park Apartments, as previously mentioned. This information is presented in detail in note 6 in the footnotes to the financial statements.

Change in Long Term Debt (in millions)		
	2022	2023
Balance as of the Beginning of the Fiscal Year	132.2	118.3
Additions	0.0	38.3
Early Retirements/Payoffs, net	(10.8)	(0)
Scheduled Redemptions	(3.1)	(10.2)
Balance as of the End of the Fiscal Year	118.3	146.4

Economic Factors

As noted earlier, the Authority is an owner of rental property as well as an administrator of housing programs that are primarily funded through federal government grant programs. Legislative or regulatory changes or lack of congressional appropriations for the programs can and will affect the Authority's operations.

The Authority also provides affordable housing by owning rental property. As such, we are affected by, and subjected to, fluctuations in the local real estate market. Because our area of operation is limited to one county, it is impossible to provide economic diversification of our real estate holdings. Washington State in general and Snohomish County in particular, have had stable real estate markets in the past. We are currently enjoying a relatively strong local rental market with stabilizing rents and low vacancies. We expect vacancy rates in our local real estate market to remain low and economic activity to continue to improve.

HOUSING AUTHORITY OF SNOHOMISH COUNTY
Notes to the Financial Statements
July 1, 2022 through June 30, 2023

The following notes are an integral part of the accompanying financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

a. Reporting Entity

The Housing Authority of Snohomish County was created by resolution of the Snohomish County Council on April 15, 1971. The Authority was duly organized and incorporated as an independent municipal corporation on May 6, 1971, pursuant to the State of Washington Housing Authorities Law, RCW Chapter 35.82. The Housing Authority is governed by a six-member Board of Commissioners who are appointed to staggered five-year terms by the county council. The Board of Commissioners appoints an Executive Director to implement Board policy and oversee the daily operations of the Authority. The Authority is the lowest level of government over which the Board of Commissioners and the Executive Director exercise oversight responsibility. The financial statements include all the accounts of the Authority's operations. The Authority develops, acquires, maintains, and manages affordable housing. The Authority also administers Housing Assistance Programs for low income, handicapped, and elderly residents of Snohomish County. These functions are funded through a variety of grants and contracts. The Housing Authority has no taxing powers.

The Authority has also entered into three partnerships to administer low-income housing tax credits allocated by the Washington State Housing Finance Commission. These partnerships are further described in Note 9. The partnership activity is reported in the component unit column of the financial statements. These partnerships meet the requirements of Governmental Accounting Standards Board Statement 14 to be treated as component units because of the "imposition of will" and "financial benefit/burden" criteria. As such, they are considered a part of the reporting entity. The partnerships' financial reporting is summarized in a separate column using the discrete presentation method. Each of the partnerships uses a calendar year-end reporting period which is different from the Authority's. No attempt was made to reconcile between these reporting periods. Each partnership is audited separately. Separate copies of the financial reports may be obtained by contacting the Housing Authority.

b. Basis of Accounting and Financial Statement Presentation

The accounting records of the Authority are maintained and reported in accordance with methods prescribed by the Washington State Auditor under the authority of Chapter 43.09 RCW and the Federal Department of Housing and Urban Development. The Authority must report using Generally Accepted Accounting Principles (GAAP); however, it has the option to use either the single enterprise proprietary fund or special purpose governmental fund model. The Authority has elected to use the single enterprise proprietary fund and uses the accrual basis of accounting. The measurement focus is on the flow of

economic resources. Proprietary funds are used to account for activities that are operated in a manner similar to private enterprise business. Under this method revenues are recognized when earned and expenses are recognized when incurred. Capital asset purchases are capitalized, and long-term liabilities are accounted for in the fund. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

c. Cash, Cash Equivalents, and Investments

The Authority's cash and cash equivalents are considered to be cash on hand, demand deposits, balances in investment pools, and short-term investments with a maturity of three months or less. It is the policy of the Authority to invest all temporary cash surpluses. Any excess cash is invested in short-term instruments in accordance with state law and the Authority's investment policy. State law prohibits any equity investments. Investments by the Authority are reported at fair value which is materially equivalent to cost. This is more fully disclosed in Note 3.

d. Restricted Cash and Investments

Certain cash and investment balances, such as debt service reserve accounts, are usually required by bond trust indentures. These funds are typically held by a trustee in accordance with the bond indenture. These reserves are established to ensure the financial stability of the projects and to provide additional security to bond holders. Any balances held by trustees in a debt service reserve account at year-end on behalf of the Authority, which are irrevocably pledged for the repayment of debt, are reported as restricted cash and investments. This category will also include any funds being held from a grantor agency for which there exists a restriction on its use. An example of this is funding from HUD which can only be used to make housing assistance payments on behalf of eligible program participants.

e. Investments

Investments at year-end consist of investments in marketable securities which have a maturity date of more than 3 months. State law prohibits any equity investments. Investments by the Authority are reported at fair value which is materially equivalent to cost. Fair value is determined utilizing month-end safekeeping statements.

f. Accounts Receivable

Accounts receivable at year-end consist of amounts owed from various organizations or individuals for goods and services rendered or owed on promissory notes or contracts receivable. Amounts owed on promissory notes or contracts receivable generally refer to loan amounts that are due and payable over time. The major receivables at year-end are due from grantor agencies as amounts owed to the Authority but not yet received as well as long-term receivables for loans that are secured by real property, or for

developer fees from our tax credit partnerships, which are component units of the Authority. Because the material account receivable balances are generally secured by grant or partnership agreements or secured by liens against real property, there is generally no need to estimate uncollectible accounts receivable. For any immaterial tenant accounts receivable the Authority does use the allowance method to estimate the amount of receivables that may be uncollectible, however these amounts are typically immaterial.

g. Inventory

The Authority does not maintain any significant inventory items. All such expenditures are expensed when purchased and no inventory is reported because it would be an immaterial amount.

h. Land, Structures, and Equipment and Depreciation

See Note 4 – Capital Assets and Depreciation.

i. Notes and Loans Receivable

Represent loans of bond proceeds to our tax credit partnerships as well as loans we have made in the various loan programs we operate for down payment assistance or mortgage financing for our Thomas Place project. These loans are expected to be repaid through project cash flows or by the loan recipients. These are classified as non-current because they are not expected to be repaid within one year.

j. Accrued Interest Payable

Represents accrued interest payable on various bonds, loans, and notes as of the last day of the reporting period.

k. Accrued Compensated Absences

The balances represent the Authority's estimate of the cash value of accrued administrative leave. This is more fully described in Note 8.

l. Rehab Loans Payable

The Authority administered a Rehab Loan Program for Snohomish County that was funded by Snohomish County Community Development Block Grant (CDBG). These grant dollars were loaned to

eligible individuals, in accordance with program guidelines, and can range from being deferred with no interest to being repayable with 3% interest depending on the borrower's eligibility. When the loans are repaid, the funds are repaid to the County. The loan program has been discontinued, but the Authority continues to service the loan portfolio.

m. Developer Fees

The developer fees represent amounts due to the Authority from tax credit partnerships where the Authority is the general partner. The developer fees are payable over a 15-year tax credit compliance period from the projects available excess cash flow. These amounts are recorded as due to the general partner in the partnership's records. In the Authority's records, these amounts have been recorded as a note receivable from limited partners along with offsetting non-current deferred revenue. Since the fees are payable from excess cash flow, if there is any, and there is no predetermined payment schedule, it is unknown if and when the fees will be collected. The partnerships are reported as component units of the Authority and are more fully explained in Note 9.

n. Bonds/Notes/Loans Payable

All bonds, notes, and loans payable, which represent long-term liabilities, are reported on the financial statements at par value, net of any unamortized bond discounts. Several of these loans and notes contain clauses which defer payments, grant credits, or forgive indebtedness, which depend on the Housing Authority complying with specific provisions of the agreements. These items are more fully described in Note 6 - Long Term Debt.

o. Operating Revenues and Expenses

The Authority reports operating revenues as defined in GASB Statement 9. Operating revenues result from fees and charges from providing services in connection with the ongoing operations of providing low-income housing. Operating revenues also include operating subsidies and grants provided by Housing and Urban Development (HUD). The use of this classification is based on guidance from HUD, one of the primary users of the financial statements. Operating expenses are those expenses that directly occurred while in the operation of providing low-income housing.

This presentation results in an operating income that is higher than a non-operating income presentation by the amounts of the subsidies or grants. Overall, it does not affect the presentation of net income or the change in net position in the statement of revenues, expenses, and changes in net position, or the presentation of cash and cash equivalents. This also changes the reporting classifications on the cash flow statement as subsidies are reported as operating activity rather than non-capital financing but has no effect overall.

p. Budgets

The Board of Commissioners formally adopts annual operating budgets each year although there is no statutory requirement to do so. Budgets are submitted to grantor agencies when required by the program regulations. When required by the grantor agencies budgets are approved by the Board of Commissioners. Program budgets are not reported because they are often prepared on different fiscal years or on bases of accounting that differ from the financial statements and therefore could be misleading. Additionally, since the Authority reports using the enterprise model there is no requirement to report budget information.

q. Pensions

For purposes of measuring the net pension liability, net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of all state sponsored pension plans and additions to/deductions from those plans' fiduciary net position have been determined on the same basis as they are reported by the Washington State Department of Retirement Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For the purpose of calculating the restricted net position related to the net pension asset, the Authority includes the net pension asset and the related deferred outflows and deferred inflows.

r. Fair Value Measurements

The Housing Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset:

- Level 1: Quoted prices in active markets for identical assets or liabilities;
- Level 2: Quoted prices for similar assets or liabilities in active or not active markets or other observable inputs;
- Level 3: Significant unobservable inputs.

Investment by Fair Value Level	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
US Treasury Obligations	\$ 448,116	\$ 448,116		
US Government Agency Securities	\$ 6,635,900		\$ 6,635,900	
Federated Government Obligations	\$ 9,732,410		\$ 9,732,410	
Net Present Value of Swaps	\$ (418,331)			\$ (418,331)
	\$ 16,398,096	\$ 448,116	\$ 16,368,311	\$ (418,331)

NOTE 2 – ADOPTION OF NEW ACCOUNTING STANDARDS

The Authority adopted the following Governmental Accounting Standards Board (GASB) statements during our fiscal year ending June 30, 2023:

Statement No. 91, *Conduit Debt Obligations* provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The Statement is effective for fiscal years beginning after December 31, 2022, as amended by GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*.

Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). This Statement is effective for fiscal years beginning after June 15, 2022. The Authority's adoption of this GASB Standard did not have a material impact on the Authority's financial statements.

Statement No. 96, *Subscription-Based Information Technology Arrangements* provides guidance on the accounting and financial reporting for subscription-based information technology arrangement for government end users. This Statement is effective for fiscal years beginning after June 15, 2022. The Authority's adoption of this GASB Standard did not have a material impact on the Authority's financial statements.

Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – An Amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, OPEB plans, and employee benefit plans as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency and comparability of the accounting and financial reporting for IRC Section 457 deferred compensation plans that meet the definition of a pension plan and for benefits provided through those plans. The Authority's adoption of this GASB Standard did not have a material impact on the Authority's financial statements.

Statement No. 99, *Omnibus 2022* objectives are to enhance comparability in accounting and financial reports and to improve the consistency of authoritative literature. Portions of this statement are effective for fiscal years beginning after June 15, 2022 and other requirements are effective for fiscal years beginning after June 15, 2023. The Authority's adoption of this GASB Standard did not have a material impact on the Authority's financial statements.

Statement No. 100, *Accounting Changes and Error Corrections* – an amendment of GASB Statement no. 62, the objective of the statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This Statement is effective for fiscal years beginning after June 15, 2023.

The following postponed GASB standards will be effective for the Authority in future years:

Statement No. 101, *Compensated Absences*, the objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement is effective for fiscal years beginning after December 15, 2023.

NOTE 3 – CASH DEPOSITS, CASH EQUIVALENTS, AND INVESTMENTS

Any available excess cash or demand deposits of the Authority are invested in accordance with RCW 35.82.070(6) and the Authority's policies. RCW 35.82.070(6) authorizes Housing Authorities to invest in anything savings banks are legally allowed to invest in. Savings banks have broad investment authority, including the investments set out in RCW 33.24. That specific authority is in addition to the authority granted in RCW 39.59 for local governments. It is the policy of the Authority, when making deposits or investing in bank market rate savings, money market funds, or certificates of deposit, to use banks which are qualified public depositories as designated by the Washington Public Deposit Protection Commission (WPDPC) pursuant to Chapter 39.58 RCW. The WPDPC is a risk sharing pool whereby member banks that are designated as "qualified public depositories" mutually insure public deposits against loss. As a result, the FDIC or WPDPC insures all demand deposits and bank balances of the Authority against loss.

The Authority invests in government backed securities to try to improve returns. All investments are still in accordance with our investment policies.

All applicable cash and investment amounts are recorded at fair value, which is materially equivalent to cost and meets the requirements of Statement No. 72 of the Governmental Accounting Standards Board. As of June 30, 2023, the Authority was holding \$31,592,444 in unrestricted cash, demand deposits and cash equivalents, and \$7,084,016 in unrestricted investments. All restricted cash and investments held in bond trust accounts are invested in accordance with the provisions of the various trust indentures. As of June 30, 2023, the Authority was holding \$2,511,732 in restricted cash and investments. These balances are invested in the following investment types:

Cash & Cash Equivalents and Investments

<u>Cash and Cash equivalents</u>	<u>Unrestricted</u>	<u>Restricted</u>	<u>Total</u>
Cash on hand	\$ 2,700	\$ -	\$ 2,700

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Authority's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, the majority of the Authority's investments are short-term in nature. The longer-term investments are typically in debt service reserve funds held by the trustee for various revenue bond issues or government-backed securities.

Custodial Risk

Custodial risk is the risk that in the event of a failure of the counterparty (e.g. broker-dealer) to an investment transaction, the Authority would not be able to recover the value of the investment or collateral securities, which may be in the possession of another party. The Authority believes its

investments are secured through sufficient collateral mechanisms and trust agreements and therefore their custodial risk exposure is minimal.

Credit Risk

Credit risk is the risk that the debt issuer or other counterparty will not meet its obligations under the terms of the debt instrument. The credit risk is measured by the quality rating of investments in debt securities as described by a national statistical rating agency, such as Standard and Poor's or Moody's. As noted above, state law limits the types of investments that can be made by the Authority to those identified in RCW 35.82.070 (6) and revised by RCW 39.59. As such, the Authority's investments are limited to those investments that were guaranteed by the U.S. Government or an instrumentality, such as FNMA, investments in external investment pools, or insured bank accounts.

Concentration of Credit Risk

The Authority places no limit on the amount that can be invested in any one investment.

NOTE 4 – CAPITAL ASSETS AND DEPRECIATION

Capital Assets

Capital assets are recorded at historical cost in the Land, Structures, and Equipment accounts. Improvements that extend the useful life of the structure and are in excess of \$5,000 are capitalized while costs associated with repairs and maintenance are expensed. All costs of acquiring, constructing, or renovating capital assets are included in those programs as capital assets. This includes capitalization of interest when appropriate.

For certain subsidized programs, grant funds are used for capital improvements, such as the Comprehensive Grant Program (CGP) and Community Development Block Grant (CDBG) program. Costs are accounted for within the appropriate program in order to prepare proper financial and program compliance reports. If costs are to be capitalized, the assets are transferred to the appropriate program upon completion of the project. Other costs for repair and maintenance are expensed as incurred. Generally, interest is not capitalized in these programs because these improvements are not financed, funding is provided as reimbursements are requested.

Capital assets are depreciated using the straight-line method. Depreciation begins the fiscal year after acquisition; or the date the asset was placed in service, no depreciation is taken in the year of acquisition. Depreciable lives are as follows:

Land	Not Depreciated
Buildings and Structures	40 years
Capital Improvements	7-15 years
Equipment and Personal Property	3-5 years

Proceeds of any disposal or write-offs of any capital assets are recognized in the period sold in the appropriate program. Upon disposal of depreciable property, the appropriate property accounts are reduced by the related costs and accumulated depreciation. Other Assets also includes any construction work in progress that has not been completed and placed in service and other miscellaneous deferred debits.

Capital Asset activity for the year ended June 30, 2023, was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
<i>Capital Assets not being depreciated:</i>				
Land	47,842,610	6,790,100		54,632,710
Construction Work in Progress (net)	3,678,844	4,820,419	7,948,749	550,514
Total Capital Assets not being depreciated:	51,521,454	11,610,519	7,948,749	55,183,224
<i>Capital Assets being depreciated:</i>				
Buildings and Structures	123,432,272	34,342,630	700,448	157,074,453
Capitalized Improvements	25,532,271	2,977,455	28,685	28,481,040
Equipment and Personal Property	1,698,837	261,631	48,020	1,912,448
Total Capital Assets being depreciated:	150,663,379	37,581,715	777,153	187,467,941
<i>Less accumulated depreciation: (net)</i>				
		Reductions	Accumulations	
Buildings and Structures	(36,824,061)	580,188	1,933,808	(38,177,681)
Capitalized Improvements	(13,329,571)	28,685	1,556,039	(14,856,925)
Equipment and Personal Property	(1,321,214)	7,923	131,885	(1,445,175)
Total accumulated depreciation:	(51,474,846)	616,797	3,621,732	(54,479,781)
<i>Total Capital Assets being depreciated, net:</i>	99,188,533	38,198,512	4,398,885	132,988,160
<i>Total Capital Assets, net of depreciation</i>	150,709,987	49,809,031	12,347,633	188,171,385

NOTE 5 – PENSION PLANS

The following table represents the aggregate pension amounts for all plans for fiscal year 2023.

Aggregate Pension Amounts – All Plans	
Pension liabilities	\$ 1,064,853
Pension assets	\$ 1,794,012
Deferred outflows of resources	\$ 2,282,640
Deferred inflows of resources	\$ 1,870,604
Pension expense/expenditures	\$ 23,885

State Sponsored Pension Plans

Substantially all the Authority's full-time and qualifying part-time employees participate in one of the following statewide retirement systems administered by the Washington State Department of Retirement Systems, under cost-sharing, multiple-employer public employee defined benefit and defined contribution

retirement plans. The state legislature establishes and amends laws pertaining to the creation and administration of all public retirement systems.

The Department of Retirement Systems (DRS), a department within the primary government of the State of Washington, issues a publicly available annual comprehensive financial report (ACFR) that includes financial statements and required supplementary information for each plan.

The DRS ACFR may be downloaded from the DRS website at www.drs.wa.gov.

Public Employees' Retirement System (PERS)

PERS was established in 1947, and its retirement benefit provisions are contained in Chapters 41.34 and 41.40 RCW. PERS is a cost-sharing, multiple-employer retirement system composed of three separate pension plans for membership purposes. PERS Plan 1 and Plan 2 are defined benefit plans. Plan 3 is a defined benefit plan with a defined contribution component.

PERS members include elected officials, state employees, employees of local governments and higher education employees not participating in higher education retirement programs (HERPs). PERS is composed and reported as three separate plans for accounting purposes: Plan 1, Plan 2/3 and Plan 3. Plan 1 accounts for the defined benefits of Plan 1 members. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members.

Although employees can be a member of only Plan 2 or Plan 3, the defined benefits of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of Plan 2/3 may legally be used to pay the defined benefits of any Plan 2 or Plan 3 members or beneficiaries. Therefore, Plan 2/3 is considered a single plan for accounting purposes.

PERS Plan 1 provides retirement, disability, and death benefits. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service. The AFC is the average of the member's 24 highest consecutive service months. Members are eligible for retirement from active status at any age with at least 30 years of service, at age 55 with at least 25 years of service, or at age 60 with at least five years of service. Members retiring from active status prior to the age of 65 may receive actuarially reduced benefits. Retirement benefits are actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. PERS 1 members were vested after the completion of five years of eligible service. The plan was closed to new entrants on September 30, 1977.

Contributions

The **PERS Plan 1** member contribution rate is established by State statute at 6 percent. The employer contribution rate is developed by the Office of the State Actuary and includes an administrative expense component that is currently set at 0.18 percent. Each biennium, the state Pension Funding Council adopts Plan 1 employer contribution rates. The PERS Plan 1 required contribution rates (expressed as a percentage of covered payroll) at the close of fiscal year 2023 were as follows:

PERS Plan 1		
Required Contribution Rates	Employer	Employee
PERS Plan 1	6.36 %	6.00 %
PERS Plan 1 UAAL*	3.85 %	
Administrative Fee	0.18 %	
Total	10.39 %	6.00 %

* Portion of the employer contribution rates of PERS plans to fund the Unfunded Actuarial Accrued Liability (UAAL) of PERS Plan 1

PERS Plan 2/3 provides retirement, disability, and death benefits. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service for Plan 2 and 1 percent of AFC for Plan 3. The AFC is the average of the member's 60 highest-paid consecutive service months. There is no cap on years of service credit. Members are eligible for retirement with a full benefit at 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. PERS Plan 2/3 members who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a benefit that is reduced by a factor that varies according to age for each year before age 65. PERS Plan 2/3 members who have 30 or more years of service credit and are at least 55 years old can retire under one of two provisions:

- With a benefit that is reduced by three percent for each year before age 65; or
- With a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules.

PERS Plan 2/3 members hired on or after May 1, 2013, have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service credit. PERS Plan 2/3 retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other PERS Plan 2/3 benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the CPI), capped at three percent annually and a one-time duty related death benefit, if found eligible by the Department of Labor and Industries. PERS 2 members are vested after completing five years of eligible service. Plan 3 members are vested in the defined benefit portion of their plan after ten years of service; or after five years of service if 12 months of that service are earned after age 44.

PERS Plan 3 defined contribution benefits are totally dependent on employee contributions and investment earnings on those contributions. PERS Plan 3 members choose their contribution rate upon joining membership and have a chance to change rates upon changing employers. As established by statute, Plan 3 required defined contribution rates are set at a minimum of 5 percent and escalate to 15 percent with a choice of six options. Employers do not contribute to the defined contribution benefits. PERS Plan 3 members are immediately vested in the defined contribution portion of their plan.

Contributions

The **PERS Plan 2/3** employer and employee contribution rates are developed by the Office of the State Actuary to fully fund Plan 2 and the defined benefit portion of Plan 3. The Plan 2/3 employer rates include a component to address the PERS Plan 1 UAAL and an administrative expense that is currently set at 0.18 percent. Each biennium, the state Pension Funding Council adopts Plan 2 employer and employee contribution rates and Plan 3 contribution rates. The PERS Plan 2/3 required contribution rates (expressed as a percentage of covered payroll) at the close of fiscal year 2023 were as follows:

PERS Plan 2/3		
Required Contribution Rates	Employer 2/3	Employee 2
PERS Plan 2/3	6.36 %	6.36 %
PERS Plan 1 UAAL*	3.85 %	
Administrative Fee	0.18 %	
Employee PERS Plan 3		Varies**

* Portion of the employer contribution rates of PERS plans to fund the Unfunded Actuarial Accrued Liability (UAAL) of PERS Plan 1

** Variable from 5% to 15% based on rate selected by the member

The Authority's actual PERS plan contributions were \$281,995 to PERS Plan 1 and \$458,248 to PERS Plan 2/3 for the year ended June 30, 2023.

Actuarial Assumptions

The total pension liability (TPL) for each of the DRS plans was determined using the most recent actuarial valuation as of June 30, 2022. The actuarial assumptions used in the valuation were based on the results of the Office of the State Actuary's (OSA) *2013-2018 Experience Study* and the *2021 Economic Experience Study*.

Additional assumptions for subsequent events and law changes are current as of the 2022 actuarial valuation report. The TPL was calculated as of the valuation date and rolled forward to the measurement date of June 30, 2023. Valuation assets are at market value with annual gains and losses recognized on a graded scale over an either-year period. Additionally, the actuarial value of assets may not exceed 130% nor drop below 70% of the market value of assets.

A variation of the Entry Age Normal (EAN) cost method is used for PERS Plan 1. The contribution toward the Unfunded Actuarially Accrued Liability (UAAL) has been developed in the valuation as a level percentage of expected future covered payrolls, which will amortize the UAAL over a rolling 10-year period. PERS Plan 1 amortizes the UAAL over all PERS payrolls, including projected system growth.

PERS Plan 2/3 uses the aggregate actuarial cost method to calculate contribution rates. Under this method, the unfunded actuarial present value of fully projected benefits is amortized over the projected earnings of the active group. The entire contribution is normal cost, and no UAAL exists. All gains and losses are amortized over future salaries of current active members.

- **Inflation:** 2.75% total economic inflation; 3.25% salary inflation.
- **Salary increases:** In addition to the base 3.25% salary inflation assumption, salaries are also expected to grow by promotions and longevity.
- **Investment rate of return:** 7.00%.

Mortality rates were developed using the Society of Actuaries' Pub. H-2010 mortality rates, which vary by member status (e.g. active, retiree, or survivor), as the base table. OSA applied age offsets for each system, as appropriate, to better tailor the mortality rates to the demographics of each plan. OSA applied the long-term MP-2017 generational improvement scale, also developed by the Society of Actuaries, to project mortality rates for every year after the 2010 base table. Mortality rates are applied on a generational basis; meaning, each member is assumed to receive additional mortality improvements in each future year throughout their lifetime.

Methods did not change from the prior contribution rate setting June 30, 2022 Actuarial Valuation Report (AVR).

Discount Rate

The discount rate used to measure the total pension liability for all DRS plans was 7.0 percent.

To determine that rate, an asset sufficiency test was completed to test whether each pension plan's fiduciary net position was sufficient to make all projected future benefit payments for current plan members. Based on OSA's assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return of 7.0% was used to determine the total liability.

Long-Term Expected Rate of Return

The long-term expected rate of return on the DRS pension plan investments of 7.0% was determined using a building-block-method. In selecting this assumption, OSA reviewed the historical experience data, considered the historical conditions that produced past annual investment returns, and considered Capital Market Assumptions (CMAs) and simulated expected investment returns provided by the Washington State Investment Board (WSIB). The WSIB uses the CMA's and their target asset allocation to simulate future investment returns at various future times.

Estimated Rates of Return by Asset Class

The table below summarizes the best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2021. The inflation component used to create the table is 2.2% and represents the WSIB's most recent long-term estimate of broad economic inflation.

Asset Class	Target Allocation	% Long-Term Expected Real Rate of Return Arithmetic
Fixed Income	20%	1.50%
Tangible Assets	7%	4.70%
Real Estate	18%	5.40%
Global Equity	32%	5.90%
Private Equity	23%	8.90%
	100%	

Sensitivity of the Net Pension Liability/(Asset)

The table below presents the Authority's proportionate share* of the net pension liability calculated using the discount rate of 7%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6%) or 1-percentage point higher (8%) than the current rate.

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
PERS 1	\$1,422,629	\$1,064,853	\$752,599
PERS 2/3	\$2,112,683	(\$1,794,012)	(\$5,003,608)

* See Note 4.C of the DRS Participating Employer Financial Information report for the year ended June 30. Multiply the total net pension liability amounts for each applicable plan by your proportionate share for that plan.

Pension Plan Fiduciary Net Position

Detailed information about the State's pension plans' fiduciary net position is available in the separately issued DRS financial report.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the Authority reported its proportionate share of the net pension liabilities as follows:

	Liability (or Asset)
PERS 1	\$1,064,853
PERS 2/3	(\$1,794,012)

At June 30, the Authority's proportionate share of the collective net pension liabilities was as follows:

	Proportionate Share 6/30/22	Proportionate Share 6/30/23	Change in Proportion
PERS 1	0.036923%	0.038244%	0.001321%
PERS 2/3	0.045876%	0.048372%	0.002496%

Employer contribution transmittals received and processed by the DRS for the fiscal year ended June 30, 2023 are used as the basis for determining each employer's proportionate share of the collective pension amounts reported by the DRS in the *Schedules of Employer and Nonemployer Allocations* for all plans except LEOFF 1.

Pension Expense

For the year ended June 30, 2023, the Authority recognized pension expense as follows:

	Pension Expense
PERS 1	\$ 535,616
PERS 2/3	\$ (559,501)
TOTAL	\$ (23,885)

Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2023, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Housing Authority of Snohomish County	PERS 1 Deferred Outflows of Resources	PERS 1 Deferred Inflows of Resources	PERS 2/3 Deferred Outflows of Resources	PERS 2/3 Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ -	\$ 444,514	\$ 40,612
Net difference between projected and actual investment earnings on pension plan investments	\$ -	\$ 176,477	\$ -	\$1,326,326
Changes of assumptions	\$ -	\$ -	\$ 999,914	\$ 261,813
Changes in proportion and differences between contributions and proportionate share of contributions	\$ -	\$ -	\$ 97,969	\$ 65,376
Contributions subsequent to the measurement date	\$281,995	\$ -	\$ 458,248	\$ -
TOTAL	\$281,995	\$176,477	\$2,000,645	\$1,694,127

PERS 1 & PERS 2/3 TOTALS			Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience			\$ 444,514	\$ 40,612
Net difference between projected and actual investment earnings on pension plan investments			\$ -	\$1,502,803
Changes of assumptions			\$ 999,914	\$ 261,813
Changes in proportion and differences between contributions and proportionate share of contributions			\$ 97,969	\$ 65,376
Contributions subsequent to the measurement date			\$ 740,243	\$ -
TOTAL			\$2,282,640	\$1,870,604

Deferred outflows of resources related to pensions resulting from the Authority's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	PERS 1	PERS 2/3
2023	\$(74,682)	\$(395,915)
2024	\$(67,830)	\$(346,948)
2025	\$(85,090)	\$(427,594)
2026	\$ 51,125	\$ 607,960
2027	\$ -	\$ 205,455
Thereafter	\$ -	\$ 205,312
Total	\$(176,477)	\$(151,730)

NOTE 6 - LONG TERM DEBT

A. Long-Term Debt

The Authority's long-term obligations consist of bonds payable, notes payable, and loans payable. These bonds, notes, and loans have been issued for purchasing, constructing housing, to provide fundings for capital improvements, or to loan to various non-profit groups as conduit financing. Accordingly, all debt is classified as capital related debt. The Authority has no taxing powers. Its debt is tax-exempt, which means that the interest earned by the holders of the debt is exempt from income taxes on their personal tax returns. As a tax-exempt entity, the Authority is subject to compliance with IRS regulations related to arbitrage. To the best of our knowledge, the Authority is in compliance with all required finance-related covenants and regulations related to its debt.

As a result of implementing GASB Statement No. 91 in fiscal year 2023, an adjustment of \$(2,814,192) was recognized to long-term debt in order to remove conduit debt from the Authority's financial statements along with the offsetting receivable of \$2,814,192. Based on the definition of conduit debt included in GASB 91, it was determined during fiscal year 2023 that debt of a component unit should no longer be classified as conduit debt, although there is still an offsetting receivable from the Component Unit. The Revenue bonds have a balance of \$4,075,000 as of June 30, 2023, and were reclassified from conduit debt to Revenue Bonds during fiscal year 2023. The reclassification of Component Unit bonds along with the adjustment to remove conduit debt from the statements resulted in a reduction of \$6,889,192 of conduit debt in fiscal year 2023 and an increase of \$4,075,000 of revenue bonds.

Although the Authority has issued a financial guarantee for the conduit debt, qualitative factors indicate that it is less likely than not that the Authority, as issuer, will support one or more debt service payments for these conduit debt obligations. GASB Statement No. 91 establishes that a conduit debt obligation is not a liability of the issuer and eliminates diversity in practice associated with related note disclosures.

Details, including outstanding principal balances, are listed below in the **Conduit Bonds** section of Note 6.

Additional debt incurred in fiscal year 2023 consists of the following:

- \$34,212,233 in Revenue Bond debt for Madison Park Apartments.

Changes to the Authority's long-term obligations during fiscal year 2023 are summarized below:

Business-type Activities	Beginning Balance @ July 1, 2022	Additions	Reductions	Ending Balance at June 30, 2023	Current Portion
General obligation bonds	\$ 68,777,633	\$ 34,212,233	\$ (1,404,171)	\$ 101,585,695	\$ 1,987,895
Revenue Bonds	\$ 6,845,000	\$ 4,075,000	\$ (350,000)	\$ 10,570,000	\$ 570,000
Notes from Direct Borrowings	\$ 22,840,420	\$ -	\$ (1,230,903)	\$ 21,609,517	\$ 745,538
Conduit Bonds	\$ 7,183,243	\$ -	\$ (7,183,243)	\$ -	\$ -
Other - Forgivable Notes	\$ 12,658,190	\$ 5,000	\$ -	\$ 12,663,190	\$ -
Compensated Absences	\$ 722,948	\$ 9,430	\$ -	\$ 732,378	\$ 466,991
Total OPEB Liability	\$ 2,492,709	\$ -	\$ (401,985)	\$ 2,090,724	\$ -
Net Pension Liability	\$ 450,915	\$ 613,937	\$ -	\$ 1,064,852	\$ -
Total	\$ 121,971,058	\$ 38,915,600	\$ (10,570,302)	\$ 150,316,356	\$ 3,770,424

General Revenue Bonds:

General obligation bonds currently outstanding are as follows:

Purpose	Issue/Maturity Date	Interest Rate - %	Beginning Balance	Amount Outstanding	Current Portion
Carvel Refunding Revenue Bonds	04/2019 - 05/2031	3.72	\$ 68,777,633	\$ 67,373,462	\$ 1,469,172
Madison Park Revenue Bonds	02/2023 - 04/2033	4.00	\$ -	\$ 34,212,233	\$ 518,723
TOTALS			\$ 68,777,633	\$ 101,585,695	\$ 1,987,895

The annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending June 30	Principal	Interest
2024	1,987,895	3,937,153
2025	2,212,895	3,709,711
2026	2,307,895	3,616,811
2027	2,397,895	3,519,411
2028	2,507,895	3,417,711
2029-2033	40,884,475	15,381,256
2034-2038	12,390,858	7,723,198
2039-2043	14,850,858	5,261,880
2044-2048	18,025,858	2,084,492
2049	4,019,172	5,003
Total	\$ 101,585,695	\$ 48,656,628

Revenue Bonds:

The total of revenue bonds currently outstanding is \$10,570,000, and they are as follows:

Purpose	Issue/Maturity Date	Interest Rate - %	Beginning Balance	Amount Outstanding	Current Portion
Ebey Arms/Center House/ Raintree Village/Valley Commons	11/2003 - 11/2034	Variable Rate w/Swap Hedge	\$ 5,645,000	\$ 5,325,000	\$ 340,000
Tall Firs	07/2010 - 07/2045	3.000 - 5.125	\$ 1,200,000	\$ 1,170,000	\$ 30,000
Olympic and Sound View LLC	11/2007 - 12/2037	Variable Rate w/Swap Hedge	\$ -	\$ 4,075,000	\$ 200,000
TOTALS			\$ 6,845,000	\$ 10,570,000	\$ 570,000

Revenue bond debt service requirements to maturity are as follows:

Year Ending June 30	Principal	Interest
2024	570,000	289,429
2025	590,000	272,655
2026	615,000	255,209
2027	645,000	236,977
2028	675,000	217,699
2029-2033	3,885,000	762,229
2034-2038	3,025,000	235,042
2039-2043	325,000	112,913
2044-2048	240,000	25,113
Total	\$ 10,570,000	\$ 2,407,266

In proprietary funds, bonds are displayed net of premium or discount. Annual interest expense is decreased by amortization of debt premium and increased by the amortization of debt discount.

On June 30, 2023, the Authority has restricted assets in proprietary funds containing \$2,138,382 in reserves as required by bond indentures.

The Authority has issued bonds that are secured by property revenues and further secured by the general revenues of the Authority. Property revenues will be the primary source of repayment and the general revenues of the Authority would be used only if property revenues are insufficient to cover required debt service. For the period ended June 30, 2023, general revenues were \$11,753,561. This is an increase of \$3,371,939 from fiscal year 2022 due to revenue from two new properties in March 2023, Madison Park and Westend II, in addition to rent increases implemented at most of our properties. The outstanding debt for which general revenues is the primary repayment source is \$101,585,695, and the principal and interest amount to be paid in fiscal year 2024 is \$1,987,895 and \$3,937,153, respectively.

The Authority has hired an outside firm to calculate arbitrage rebates on a regular basis for all its tax-exempt debt. The rebate is based on the differential between the interest earnings from the investment of bond proceeds as compared to the interest expense associated with the respective bonds. As of June 30, 2023, the Authority estimates no arbitrage rebate exists in relation to its debt reserve funds, therefore no rebate liability exists.

Direct Borrowings:

The total current outstanding balance of \$21,609,517 from direct borrowings is as follows:

Purpose	Issue/Maturity Date	Interest Rate %	Beginning Balance	Amount Outstanding	Current Portion
Craigmont - USDA Note	11/1992 - 11/2032	1.00 - 7.75	\$ 957,343	\$ 896,586	\$ 50,010
USDA Pooled Project - USDA Note	04/1996 - 04/2036	1.00 - 6.75	\$ 1,791,629	\$ 1,689,501	\$ 95,390

2039-2043	1,705,745	7,551
2044-2048	1,086,234	92
2049-2053	1,834,172	-
2054-2057	2,296,697	-
Total	\$ 21,609,478	\$ 2,332,880

The direct borrowings consist of several promissory notes with USDA, Rural Housing Services as well as a deferred promissory note with the Washington State Department of Community, Trade, and Economic Development (CTED).

USDA Notes: The Authority entered into promissory notes with the U.S Department of Agriculture, Rural Development Division, formerly known as Farmers Home Administration. The Craigmont note financed the acquisition of this project. It is a 40-year note payable with an interest rate of 7.75%. The notes associated with the USDA Pooled Project represent promissory notes assumed by the Authority upon acquisition of these projects. These notes have a 40-year term with an interest rate of 6.75%. These notes are subordinate to the Authority's revenue bonds on this project. The Glenwood Apartment note financed the acquisition of this project. It is a 40-year note payable with an interest rate of 9.00%. By complying with provisions of the loan agreements, interest credits are granted on a monthly basis that makes the effective interest rate 1.00%. The amount of interest credit granted in any year is calculated and has been reported on the schedule of federal financial assistance as a subsidy. Annual debt service requirements on these notes could vary depending on the amount of interest credit granted. The Pooled Project and Glenwood Apartments both receive rental assistance through USDA, Rural Development.

Glenwood: The Housing Authority entered into three agreements to provide funding for the rehabilitation of 46 units of housing at the Glenwood Apartments in Lake Stevens, Washington. One of the loans is outlined below, and the remaining loans are included under *Other – Forgivable Notes*, below:

- a) The Authority entered into a 0% interest deferred Housing Trust Fund loan with the State of Washington Department of Commerce on August 22, 2016 (HTF contract # 15-94110-014), for \$1,500,000 for a term of 40 years. The loan is a deferred loan that requires no interest or principal payments for 40 years. The entire loan shall be due in full on September 30, 2056 per the terms of the HTF contract and promissory note. The outstanding balance of this loan agreement is \$1,500,000.

Ebey Arms: The Authority entered into a promissory note with the Washington State Department of Community, Trade, and Economic Development (CTED). The note is subject to the terms and conditions of the Housing Finance Unit Agreement, contract number 03-49300-802, in consideration for the sale and financing of Ebey Arms Apartments. The contract is for a term of 40 years. Quarterly interest-only payments of \$2,723.75 were due for the first 15 years. The final interest-only payment was due on November 30, 2018. Principal and interest payments of \$12,327.10 are due beginning February 28, 2019, and quarterly thereafter for 25 years until the loan is due and payable in full on or before November 30, 2043.

Center House: The Authority entered into a contract with the Washington State Department of Community Development in August of 1991 in the amount of \$389,000 to provide funds to assist with the construction and development of the Center House Apartments. This note was re-negotiated with the State and the County which will alter the terms of repayment. An additional \$100,000 was awarded in April of 2013 but was not received until December of 2013. Quarterly principal payments of \$5,093.75 are due beginning March 31, 2017, through September 30, 2037, with the final principal payment of \$66,218.75 due on or before December 31, 2037.

Thomas Lake: This is a 3-part promissory note payable to the Washington State Department of Community Development. The funds were received for the purpose of purchasing and rehabilitating a condemned mobile home park. This note's three parts are as follows:

The first two parts of the promissory note are deferred loans that will be forgiven if the Authority has complied with the affordable housing conditions outlined in the agreement. The details are included under *Other – Forgivable Notes*, below.

The final \$168,000 portion of the loan is a 1% loan to be amortized over 40 years with annual payments of principal and interest in the amount of \$5,098 due each December 31. All payments have been made on this portion of the loan. The current outstanding principal balance is listed in the Direct Borrowings table above.

Squire/Kingsbury: The Squire and Kingsbury projects are two senior mobile home parks that the Authority purchased to preserve this limited supply of affordable low-income housing. To accomplish this goal several loans were received in order to reduce the amount of permanent debt the project rents will have to support in order to make this project financially feasible. One of these deferred loans is outlined below, and the remaining loans are included under *Other – Forgivable Notes*, below.

- a) The Authority entered into a HOME loan agreement with the Washington State Department of Community Development (contract # 07-47104-002), for \$3,500,000 for a term of 50 years, the loan is a deferred loan that requires no interest or principal payments for the first 30 years. After 30 years the loan amortizes at 0%, and quarterly payments of \$43,750 will begin on March 31, 2038, for the next 20 years. The final payment shall be due on or before December 31, 2057.

Olympic/Sound View: The Housing Authority entered into a loan agreement with Snohomish County in the amount of \$772,500 to provide funding for the retirement of bridge financing used by the agency to acquire the property. The loan is a zero percent loan and is payable in full no later than December 31, 2048.

Olympic/Sound View: The Housing Authority entered into a loan agreement with the State of Washington, Department of Community Trade and Economic Development in the amount of \$2,000,000 to provide a portion of the funding for the acquisition and rehab of the apartment buildings located in Edmonds, Washington. The loan bears interest of 1% compounded quarterly, however no interest will begin to accrue until January 31, 2009. Payment on the loan shall be deferred until January 31, 2023, however any excess cash from the properties will be used to pay down principal each year. Quarterly payments in the amount of \$25,000 shall begin on January 31, 2023. The full remaining principal balance and any accrued but unpaid interest shall be due and payable no later than December 31, 2048. The outstanding balance of this loan agreement as of June 30, 2023, is \$963,471.

USDA Pooled Project – Banner Bank: Per the Tax-Exempt Promissory Note between Banner Bank, Lender, and Housing Authority of Snohomish County, Borrower, dated April 2, 2012: Upon an Event of Default, Lender may declare the entire unpaid principal balance on this Note and all accrued unpaid interest immediately due, without notice, and then Borrower will pay that amount, in addition to any

prepayment premium as calculated above.

Woodlake Manor: Per the Tax-Exempt Promissory Note between Banner Bank, Lender, and Housing Authority of Snohomish County, Borrower, dated March 17, 2015: Upon an Event of Default, Lender may declare the entire unpaid principal balance on this Note and all accrued unpaid interest immediately due, without notice, and then Borrower will pay that amount, in addition to any prepayment premium as calculated above.

Autumn Chase: Per Autumn Chase Apartments Project, Series 2016, Multifamily Refunding Revenue Note dated May 23, 2016: If an Event of Default has occurred and is continuing, the entire unpaid principal balance, any accrued interest, the prepayment premium payable under Section 10, if any, and all other amounts payable under this Note and any other Loan Document shall at once become due and payable, at the option of Lender, without any prior notice to Authority (except if notice is required by applicable law, then after such notice). Lender may exercise this option to accelerate regardless of any prior forbearance.

B. Conduit Bonds

The Authority's long-term obligations include revenue bonds that were issued for the acquisition or construction of housing deemed to be in the public interest and were loaned to various non-profit groups as conduit financing. The bonds were issued, and the proceeds were loaned to the private entities under the terms of the governing loan and regulatory agreements. The bonds are secured by liens on the property financed and are payable from payments received on the underlying loans. The liens are secured solely by the revenues generated by the property secured by the underlying deed of trust granted to the Authority and represent no lien on any of the Authority properties or revenues other than the project for which they are issued.

The underlying non-profit owners and partnerships are current on all obligations under the terms of the governing loan and regulatory agreements. The outstanding revenue bonds and associated receivables from conduit financings were removed from the Authority's financial statements during fiscal year 2023 since it is highly unlikely that the Authority, as issuer, will support one or more debt service payments for the conduit debt obligations. The Authority is using the Economic Resources Measurement Focus under GASB Statement No. 91.

The underlying non-profit owners and partnerships are current on all obligations under the terms of the governing loan and regulatory agreements. As of June 30, 2023, the total outstanding balance of bonds payable for conduit financed projects is listed below:

Purpose	Issue/Maturity Date	Interest Rate - %	Beginning Balance	Amount Outstanding	Current Portion
SAHG Refunding Revenue Bond	05/2013 - 06/2033	3.875	\$ 2,305,628	\$ 2,233,479	\$ 74,803
Housing Hope Avondale Village Project	11/05 - 11/2036	6.00 - 7.00	\$ 612,615	\$ 580,713	\$ 24,268
Olympic and Sound View LLC	11/2007 - 12/2037	Variable Rate w/Swap Hedge	\$ 4,265,000	\$ -	\$ -
TOTALS			\$ 7,183,243	\$ 2,814,192	\$ 99,071

C. Other - Forgivable Debt

The Authority has other debt obligations that are most appropriately categorized as forgivable notes payable. In general, these loans were entered into to take advantage of favorable loan or grant agreements. A summary totaling \$12,663,190 as of June 30th, 2023, is listed below, and a more detailed description of each of these loans also follows:

Purpose	Issue/Maturity Date	Interest Rate - %	Beginning Balance	Amount Outstanding	Current Portion
Thomas Lake	12/1994 - 12/2034	1.00	\$ 635,000	\$ 640,000	\$ -

Glenwood - Snohomish County Affordable HTF	07/2014 - 07/2054	Deferred	\$ 323,246	\$ 323,246	\$ -
Glenwood - County HOME funds	07/2014 - 07/2054	Deferred	\$ 536,754	\$ 536,754	\$ -
Woodlake Manor 3 - Sno. Co Affordable HOME	07/2015 - 07/2055	Deferred	\$ 745,478	\$ 745,478	\$ -
Woodlake Manor 3 - State HTF HOME funds	06/2015 - 06/2055	Deferred	\$ 1,200,000	\$ 1,200,000	\$ -
TOTALS			\$ 12,658,190	\$ 12,663,190	\$ -

The Authority has not calculated an estimate of the annual requirements to amortize debt from forgivable debt as of June 30, 2023, because future events could trigger changes in interest rates which would affect the amount of interest and the amortizing balances, as previously described.

Thomas Lake: This is a 3-part promissory note payable to the Washington State Department of Community Development. The funds were received for the purpose of purchasing and rehabilitating a condemned mobile home park. This note's three parts are as follows:

- a. \$500,000 is a deferred loan that incurs simple interest at 1% per year. Both the principal and interest are deferred and will be forgiven on December 31, 2035, if the Authority has complied with the affordable housing conditions outlined in the agreement. If the property is sold, the deferred amounts become due and payable. The deferred portion of this loan increased by \$5,000 in fiscal year 2023. The outstanding principal and deferred interest balance is \$640,000. The Authority has complied with all the provisions of the agreement.
- b. \$72,000 portion of this loan will be used as a revolving loan fund to assist income eligible persons in securing housing in the Mobile Home Park. This portion of the loan is secured by liens on the property financed. This portion was transferred to HomeSight, a non-profit

corporation who has taken over a regional role for servicing these loans. Accordingly, the Authority is no longer liable for this portion of the loan.

AIDS Housing: This is a recoverable grant, \$122,000 was received from the Washington State Department of Community Development, and \$98,150 was received from Snohomish County, solely for the construction of housing for very low-income persons with AIDS. The grant compliance period is 50 years commencing upon project completion. If the property is sold, refinanced, or its use changes the grant shall be due and payable. Because of the unique repayment provision, we have recorded this recoverable grant as a loan. If compliance with the contract provisions is met for the 50-year period, the loan is forgiven.

Squire/Kingsbury: The Squire and Kingsbury projects are two senior mobile home parks that the Authority purchased to preserve this limited supply of affordable low-income housing. To accomplish this goal, several loans were received to reduce the amount of permanent debt the project rents will have to support to make this project financially feasible. These deferred loans are outlined below:

- a. The Authority entered into a loan agreement with Snohomish County (contract # HCD 07-11-0705-113) on July 23, 2007, for \$392,938 for a term of 40 years. The loan is a deferred loan that requires no interest or principal payments for 40 years. After 40 years the loan will be forgiven if the Housing Authority has fully complied with the provisions of the agreement. The purpose of the loan was to reduce the amount of permanent financing required.
- b. The Authority entered into a HOME loan agreement with Snohomish County (contract # HCD 07-42-0702-113) on September 26, 2007, for \$625,113 for a term of 40 years. The loan is a deferred loan that requires no interest or principal payments for 40 years. After 40 years the loan will be forgiven if the Housing Authority has fully complied with the provisions of the agreement. The purpose of the loan was to reduce the amount of permanent financing required.
- c. The Authority entered into a HOME loan agreement with Snohomish County (contract # HCD 08-42-0803-113) on June 27, 2008, for \$1,000,000 for a term of 40 years. The loan is a deferred loan that requires no interest or principal payments for 40 years. After 40 years the loan will be forgiven if the Housing Authority has fully complied with the provisions of the agreement. The purpose of the loan was to reduce the amount of permanent financing required.
- d. The Authority entered into a loan agreement with Snohomish County (contract # HCD 09-11-0903-113) on January 30, 2009, for \$ 558,260 for a term of 40 years. The loan is a deferred loan that requires no interest or principal payments for 40 years. After 40 years the loan will be forgiven if the Housing Authority has fully complied with the provisions of the agreement. The purpose of the loan was to reduce the amount of permanent financing required.

East Terrace III: The Housing Authority entered into two agreements to provide funding for the construction of 12 additional units of transitional housing, on property located in Mountlake Terrace,

Washington, to be known as East Terrace III. To accomplish this goal, the loans were received to provide funding for the construction of the project. The loans are outlined below:

- a. The Authority entered into a HOME loan agreement with Snohomish County (contract # HCD 07-42-0502-113) on April 30, 2007, for \$ 750,000 for a term of 40 years. The loan is a deferred loan that requires no interest or principal payments for 40 years. After 40 years the entire loan shall be forgiven provided that the Housing Authority has fully complied with the provisions of the HOME agreement and promissory note.
- b. The Authority entered into a recoverable grant agreement with the Washington State Department of Community Development (contract # 06-94100-054) on January 1, 2008, in the amount of \$1,150,000. This recoverable grant was received to provide a portion of the funds to construct 12 additional units of transitional housing. There is no expectation that the grant will be repaid, however if the terms and conditions of the grant agreement are not met, or if the property is sold, transferred, refinanced, or if the use changes over the 40-year term of the grant, the grant and a share of the appreciated value becomes due and payable to the State Housing Trust Fund.

Tall Firs: The Housing Authority entered into two agreements to provide funding for the transfer of Tall Firs Apartments from Senior Services of Snohomish County to the Housing Authority on June 18, 2015. The loans are outlined below:

- a. The Housing Authority entered into a recoverable grant agreement with the Washington State Department of Commerce (contract # 13-94110-019) using Housing Trust Fund (HTF) funding, in the amount of \$2,600,000. This recoverable grant was received to provide a portion of the funds to acquire the Tall Firs Apartments, a 40-unit apartment project located in Mountlake Terrace, and to provide additional funds to assist with the rehabilitation of the project. The recoverable grant is a 0% deferred loan with a 40-year term. There is no expectation that the recoverable grant will be repaid as long as the terms and conditions of the grant agreement are met.

The recoverable grant is subject to repayment if the property is sold, transferred, refinanced, or the use changes over the 40-year term of the grant, the grant and a share of the appreciated value becomes due and payable to the State Housing Trust Fund. The promissory note was amended by -\$344.09 on July 1, 2020, after this amount was de-obligated. All other terms and conditions of this contract remain in full force and effect. The outstanding balance as of June 30 is \$2,599,656.

- b. The Housing Authority entered into a 0% interest deferred loan with Snohomish County in June of 2015 (HCS-15-11-1403-113) using local AHTF funds in the amount of \$1,500,000. The loan is a deferred loan that requires no interest or principal payments for 40 years. After 40 years the entire loan shall be forgiven provided that the Housing Authority has fully complied with the provisions of the AHTF agreement and promissory note. The AHTF Agreement was amended on April 6, 2017, with an amended promissory note totaling \$1,921,595. The 40-year forgivable terms are still in effect. The outstanding balance of this loan agreement is \$1,921,595.

Glenwood: The Housing Authority entered into three agreements to provide funding for the rehabilitation of 46 units of housing at the Glenwood Apartments in Lake Stevens, Washington. One of the loans is listed in the above section under Direct Borrowings, and the remaining loans are outlined below:

- a. The Authority entered into a HOME loan agreement with Snohomish County in July of 2014 (contract # HCS-13-42-1302-113) for \$ 536,754 for a term of 40 years. The loan is a deferred loan that requires no interest or principal payments for 40 years. After 40 years the entire loan shall be forgiven provided that the Housing Authority has fully complied with the provisions of the HOME agreement and promissory note.
- b. The Housing Authority entered into a 0% interest deferred loan with Snohomish County in July of 2014 (HCS-13-11-1303-113) using local AHTF funds in the amount of \$323,246. The loan is a deferred loan that requires no interest or principal payments for 40 years. After 40 years the entire loan shall be forgiven provided that the Housing Authority has fully complied with the provisions of the AHTF agreement and promissory note. The outstanding balance of this loan agreement is \$323,246.

Woodlake Manor III: The Housing Authority entered into two agreements to provide funding for the rehabilitation of 24 units of housing at Woodlake Manor III in Snohomish, Washington. The loans are outlined below:

- a. The Authority entered into a HOME loan agreement with Snohomish County in July of 2015 (contract # HCS-14-42-1402-113) for \$ 745,478 for a term of 40 years. The loan is a deferred loan that requires no interest or principal payments for 40 years. After 40 years the entire loan shall be forgiven provided that the Housing Authority has fully complied with the provisions of the HOME agreement and promissory note.
- b. The Authority entered into a 0% interest deferred Housing Trust Fund note with the State of Washington Department of Commerce on June 8, 2015 (HTF contract # 14-94110-010) for \$1,200,000 for a term of 40 years. The loan is a deferred loan that requires no interest or principal payments for 40 years. After 40 years the entire loan shall be forgiven provided that the Housing Authority has fully complied with the provisions of the HTF agreement and promissory note.

NOTE 7 - DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

GASB Statement 53 requires the fair value of derivatives to be determined and reported on the Authority's statement of net position. Changes in the fair value of the hedging derivative instruments will be accounted for using hedge accounting, which requires these changes to be reported on the statement of net position as a liability offset by a deferred outflow as long as the hedge is effective. When the hedging

derivative contract ends, or the hedge is determined to no longer be effective, deferred amounts will be reported on the statement of revenues, expenses, and changes in net position.

The Authority has hedging instruments in place for two projects. One of the projects is owned outright by the Authority and the other project is one in which we provided the financing which utilized the hedging instrument. This project is reported as a component unit of the Authority. Under the terms of the loan and regulatory agreement the tax credit partnership is responsible for payment of those costs and the value of that hedging instrument will be reported with that project in the component unit column.

The effect, in Fiscal Year 2023, of this accounting requirement is that the value of the hedging instruments is shown as a deferred outflow of resources with a corresponding liability on the Statement of Net Position in the amount of \$418,331. Because the hedging instruments were determined to be effective, and this accounting treatment was applied, there is no effect on the net position or equity balances of the Housing Authority. The remaining disclosures provide additional required information about our hedging instruments.

Contracts: The Authority has two revenue bond issues that involved the issuance of variable rate revenue bonds that used interest rate swap agreements to synthetically fix the interest rates and our exposure to rate fluctuations. One of the swap agreements is for a Housing Authority project, while the second is for the Olympic and Sound View LLC, which is a component unit of the Authority. Under the terms of the loan agreement the Olympic and Sound View LLC is responsible for repaying the Authority for all the costs associated with this debt. This is a debt of the Authority but is offset by a corresponding receivable.

Description	Changes in Fair Value		Fair Value at June 30, 2023		Notional Amount
	Classification	Amount	Classification	Amount	
Housing Authority Bond Issue					
Cash Flow Hedge					
Pay Fixed interest rate swap	Deferred outflow	313,420	Debt	(389,285)	5,325,000
Component Unit Swap Obligation - Conduit Bond Issue					
Cash Flow Hedge					
Pay Fixed interest rate swap	Deferred outflow	<u>126,624</u>	Debt	<u>(29,046)</u>	4,075,000
		440,044		(418,331)	

Objectives of the Swap Agreements: As a means to lower the overall borrowing costs and increase its savings, when compared against fixed rate financing at the time the bonds were issued, the Authority entered into the interest rate swap agreements. The intention of the swaps was to hedge the cash flows of the variable rate debt, which was subject to changes in interest rates, by synthetically fixing the interest rates using the interest rate swap agreements.

Terms, Fair Value, and Credit Risk: The terms, fair values, and credit ratings of the outstanding swap agreements as of June 30, 2023, are described below.

Type	Objective	Notional Amount	Effective Date	Maturity Date	Terms	Counterparty Rating
Housing Authority Bond Issue						
Pay Fixed	Hedge of changes in cash	4,455,000	5/1/2004	12/1/2034	Pay weighted average of 3.98% receive 70% of USD-LIBOR-BBA	Aa3/A+/AA-
Interest Rate	flows on 2003 variable rate	870,000	5/1/2004	12/1/2034		
Receive Variable	Revenue and Refunding bonds	5,325,000				
Component Unit Swap Obligation - Conduit Bond Issue						
Pay Fixed	Hedge of changes in cash				Pay fixed of	Aa3/A+/AA-
Interest Rate	flows on 2007 variable	4,075,000	10/31/2007	11/1/2024	3.895% receive SIFMA	
Receive Variable	rate Revenue bonds				Muni Swap Index Rate	

Credit Risk: Is the risk that the counterparty will not fulfill its obligations under the contract. As of June 30, 2023, the negative fair values of the agreements may be countered by reductions in the total interest payments required under the variable rated bonds, creating lower synthetic rates. It is the Housing Authority's policy that at the time of entering into any payment agreement that the counterparty must carry a rating from at least two nationally recognized credit rating agencies as of the date of execution of the agreement, and this rating must be within the two highest long-term investment grade rating categories. Another option is that the counterparty must carry a rating from at least two nationally recognized credit rating agencies as of the date of execution of the agreement, and this rating must be within the three highest long-term investment grade rating categories. Under this option, the payment obligations of the other party under the agreement must be collateralized by direct obligations of, or obligations the principal and interest on which are guaranteed by, the United States government that are deposited with the governmental entity or an agent of the governmental entity and maintain a market value of not less than 102% of the net market value of the payment agreement to the Authority.

Basis Risk: The swaps expose the Authority to basis risk because the variable rate bonds are remarketed weekly. The Authority is exposed to basis risk because the pay fixed interest rate swap agreement that provides the hedge is based on 70% of the LIBOR interest rate which is a different reference rate. The basis risk is the risk that these rates will diverge over time. In June 2023 the Authority adhered to the ISDA 2020 IBOR Fallbacks Protocol due to the cessation of LIBOR that occurred as of June 30, 2023. This resulted in a shift from 1-month LIBOR to 1-month SOFR plus 11.448 bp as a replacement rate.

Termination Risk: The Authority or its counterparties may terminate a derivative instrument if the other party fails to perform under the terms of the contract. If at the time of termination, the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value.

Rollover Risk: Is incurred when the maturity date of the hedge instrument is less than the maturity date of the item being hedged, in this case the variable rate debt. When the interest rate swap matures, the debt will no longer have the benefit of the hedged instrument.

Market Access Risk: The risk that the Authority will be unable to access the capital (credit) markets when necessary or that the costs to do so will be much more costly.

Swap Payments and Associated Debt: As rates vary, interest payments and net swap payments will also vary. As of June 30, 2023, debt service requirements of the variable rate debt and net swap payments, assuming current interest rates remain the same for the life of the bonds, were as follows:

FY	Principal	Interest	Total Prin and Int	Interest Rate Swap (net)	Total
2024	540,000	374,453	914,453	(23,567)	890,886
2025	560,000	353,318	913,318	(22,089)	891,229
2026	585,000	331,295	916,295	(20,546)	895,749
2027	615,000	308,381	923,381	(18,929)	904,453
2028	640,000	284,282	924,282	(17,240)	907,042
2029-2033	3,690,000	1,019,310	4,709,310	(57,959)	4,651,352
2034-2038	2,770,000	296,808	3,066,808	(10,035)	3,056,774

NOTE 8 - COMPENSATED ABSENCES

Compensated absences are absences for which employees will be paid, such as vacation and sick leave. The total accumulated annual leave, including vacation and sick leave, is accrued as an expense and a corresponding liability. Employees earn annual leave at rates ranging from 15 days per year for the first year of employment to 31 days per year for eighteen years or more of employment. Forty (40) hours of leave can be accumulated each year and carried forward up to a maximum of 240 hours. Upon termination, employees will be paid for all unused annual leave up to a maximum of 240 hours. As of year-end, the liability for accumulated leave was calculated at \$732,378 based on the number of accumulated hours and employee rates of pay.

NOTE 9 - TAX CREDIT PARTNERSHIPS

As of June 30th, 2023, the Authority is the General Partner in three (3) partnerships to administer affordable housing with low-income tax credits allocated by the Washington State Housing Finance Commission. The partnership is a separate legal entity that meets the requirement of GASB Statement 14

to be treated as part of the agency's reporting entity. The partnership meets the criteria of "imposition of will" and "financial benefit/burden", and therefore, meets the criteria of a component unit and is part of the reporting entity.

GASB Statement 14 recommends that financial statements of the component units be presented in the financial statements of the primary government by using the discrete presentation method. Because of the tax considerations, the fiscal year-end of the partnerships is the calendar year. No attempt has been made to eliminate duplicative information between the primary government and the component units.

Following is a brief description of each partnership:

Jackson House at Pacific Crest LLLP

The Authority is the general partner and .01% owner of the Jackson House at Pacific Crest Limited Liability Limited Partnership. The Partnership was formed in July of 2013 to acquire, rehabilitate, and operate the Jackson House at Pacific Crest Apartments LLLP, a 120-unit apartment complex located in Everett, Washington, now doing business as the Jackson House Apartments. The project is 99.99% owned by the Boston Capital Corporate Tax Credit Fund XXXVII.

The Partnership issued an FHA 223(f) bond to provide funds for the purchase. The outstanding balance of the FHA 223(f) bond as of December 31, 2022, is \$6,535,746. The remaining financing was provided by the seller via a surplus cash promissory note. As of December 31, 2022, the principal amount due on the note is \$3,968,635. The lease agreement is for 99 years and expires December 31, 2111.

Olympic and Sound View, LLC

The Authority is the managing member and .01% owner of the Olympic and Sound View, LLC. The limited liability company was formed in July 2007 to acquire, rehabilitate, and operate the Olympic View and Sound View Apartments, two multifamily apartment buildings that total 88 units, located in Edmonds, Washington. The project is 99.99% owned by Bank of America.

In order to finance the purchase, the Housing Authority issued variable rate revenue bonds in October of 2007, with principal amounts totaling \$6,500,000. The Authority as managing member entered into an interest rate swap agreement to synthetically fix the interest rate at 3.895%. This is also discussed in Note 7. The proceeds of the bond issue were then loaned to the partnership pursuant to the terms of a Loan and Regulatory agreement, which requires the partnership to make all payments under the agreement and the Trust Indenture.

Upon completion of the project rehab, the General Partner is entitled to a development fee for development services rendered in connection with the acquisition and rehabilitation. The managing member is entitled to a developer fee of \$1,200,000 for development services rendered in connection with acquisition and rehabilitation of the project. The limited liability company issued a note to the managing member which bears interest at 8%. Payments on the note are to be made from excess project cash flow. The note was paid off during 2020, and as of December 31st, 2020, the principal amount due on the note is \$0. The project expects to generate \$3,869,540 in low-income tax credits. At the end of the tax credit compliance period, the Authority has an option to purchase the complex from the partnership.

Westend HASCO LLLP

The Authority is the managing member and 0.009% owner of the limited liability limited partnership known as Westend HASCO LLLP. The project, a 133-unit apartment complex located in Marysville, Washington that was previously known as Westwood Crossing Apartments, is 99.99% owned by RBA-Westend LLC, the Investor Limited Partner. The Special Limited Partner, RBC Tax Credit Manager II, Inc owns a 0.001% interest. The project was constructed in 1985 and rehabilitated in 1997 and needed extensive rehabilitation. Immediately prior to the September 1, 2016, closing, the property was owned by HASCO-Westwood Crossing LLC, of which HASCO was the sole member. The Authority formed a new limited liability limited partnership known as Westend HASCO LLLP of which it is the general partner, to acquire, rehabilitate, own, and operate the Project. The Project was transferred to the Authority and leased to the Partnership at the time of closing.

In order to finance the purchase, the Housing Authority issued revenue bonds on September 1, 2016, in the aggregate amount of \$18,000,000. The proceeds of the bond issue were used to acquire a loan from JP Morgan Chase Bank to the Partnership consisting of a construction loan of up to \$18,000,000 converting to a permanent loan in the principal amount of up to \$8,250,000. The construction loan to the partnership is made up of a combination of the long-term debt as well as bridging the tax credit equity pay-in. Most of the tax credit investor equity is anticipated to be contributed after the placed-in-service date, which was November 30, 2017. Both the second and the final equity installments were projected to come in on November 1, 2018, enabling the Authority to pay down the loan to the permanent level at that time. The project is expected to generate \$10,679,770 in low-income tax credits over the ten-year credit period. The Authority also initiated a defeasance of \$4,025,000 in Westwood Crossing 2007 bonds on August 31, 2016, and the bonds were called on May 1, 2017.

Upon completion of the project rehab, the General Partner is entitled to a development fee for development services rendered in connection with the acquisition and rehabilitation. The managing member is entitled to a developer fee of \$3,350,000 for development services rendered in connection with acquisition and rehabilitation of the project. The limited liability company issued a note for \$6,900,000 to the managing member which bears interest at 6%. Payments on the note are to be made from excess project cash flow. At the end of the tax credit compliance period, the Authority has an option to purchase the complex from the partnership.

Summary information for each partnership as of December 31, 2022, is outlined below. This information is summarized and presented in the same format as those audits are presented. No adjustments in the presentation formats were made to provide similarity with the Authority's financial statement presentation.

<u>Condensed Balance Sheet</u>	Westend Apts	Jackson House	Olympic & Sound View	TOTALS
Current Assets	992,618	1,259,144	1,139,075	3,390,837

Net Income (Loss)	(1,075,705)	(321,930)	558,580	(839,055)

Each partnership is audited annually with reports being issued to the partners. Informational tax returns are also filed annually with the Internal Revenue Service.

NOTE 10 - RISK MANAGEMENT

The Authority is a member of the Housing Authorities Risk Retention Pool (HARRP). HARRP was rebranded under the name Synchronous Risk Management in 2021. Utilizing Chapter 48.62 RCW (self-insurance regulation) and Chapter 39.34 RCW (Interlocal Cooperation Act), fifty-five public housing authorities in the states of Washington, Oregon and California originally formed HARRP in March 1987. HARRP was created for the purposes of providing a pooling mechanism for jointly purchasing insurance, jointly self-insuring, and/or jointly contracting for risk management services. HARRP currently has a

total of eighty-three members in the states of Washington, Oregon, California, and Nevada. Thirty-three of the eighty-three members are Washington public housing authorities.

New members originally contract for a three-year term, and thereafter automatically renew on an annual basis. Members may quit (after completion of the three-year commitment) upon giving notice to HARRP prior to their renewal date. HARRP can terminate the members after giving a sixty (60) day notice prior to the renewal date. Termination does not relieve a former member from its unresolved losses incurred during membership.

General and Automobile Liability coverages are written on an occurrence basis, without member deductibles. Errors & Omissions coverage (which includes Employment Practices Liability) is written on a claim made basis, and the members are responsible for 10% of the incurred costs of the claims. (Due to special underwriting circumstances, some members may be subject to a greater E&O co-payment.) The Property coverage offered by HARRP is on a replacement cost basis with deductibles ranging from \$5,000 to \$25,000. Fidelity coverage, with limits of \$100,000 (with options up to \$500,000) for employee dishonesty and forgery or alteration and \$10,000 for theft are also provided with deductibles the same as for Property.

Coverage limits for General Liability, Errors & Omissions and Property are \$2,000,000 per occurrence and \$2,000,000 annual aggregate. (Some members have chosen greater property limits for higher valued properties.) Limits for Automobile Liability are \$2,000,000/\$2,000,000.

HARRP self-insures the full layer of coverage for liability lines, \$2,000,000 per occurrence and \$2,000,000 annual aggregate. There is no purchased reinsurance above this limit. For property, HARRP retains \$2,000,000 and purchases \$45,000,000 of reinsurance above this limit, in excess property coverage for a combined total of \$47,000,000. The HARRP Board of Directors determines the limits and coverage terms, in its sole discretion. All prior losses have been covered by insurance. There have been no settlements in the past that have exceeded our insurance coverages.

HARRP provides loss control services, claim investigation and adjusting, litigation management and defense with in-house staff and retained third party contractors. HARRP is fully funded by member assessments that are adjusted annually by the HARRP Board on the basis of independent actuarial studies. These assessments cover loss, loss adjustment, reinsurance and other administrative expenses. HARRP does not have the right to assess the membership for any shortfall in its funding. Such shortfalls are made up through future rate adjustments.

HARRP invests its funds that are not needed for its daily operations, in accordance with the strictest provisions of the laws of the states of Washington, Oregon, California and Nevada as they relate to investments of public funds. HARRP's Investment Policy is reviewed by staff and the HARRP Board on an annual basis.

HARRP's financial transactions are subject to annual audits by independent auditors. HARRP also subjects its claims management practices to an independent audit every three years. The HARRP Board of Directors provides general policy direction for staff. It is composed of the executive directors of nine of HARRP's members (three each from the Association of Washington Housing Authorities, the Oregon Association of Housing Authorities and the Northern California/Nevada Executive Directors Association). HARRP's Executive Director reports to the HARRP Board of Directors and directs the members of HARRP's staff in their day-to-day functions.

NOTE 11 – CONTINGENT LIABILITIES

The Housing Authority owns and operates three manufactured home parks which serve as an affordable housing option for residents of the County. To further enhance affordability of the manufactured homes, the Authority has worked with local lenders who provide 30-year mortgage financing to the homeowners. Thirty-year financing is typically not available to manufactured home purchasers, which makes these loans more affordable. Because the homeowners do not own the land, the Authority has provided guaranties to the lender to cure any loan deficiencies and resell the homes if a homeowner defaults on their mortgage. The Authority and the two lenders currently have agreed to 54 such loans which total \$3,142,428. The Authority works with the lenders, monitors these loans for any delinquencies and works with homeowners and the lender to resolve issues that arise.

NOTE 12 – ALLIANCE FOR HOUSING AFFORDABILITY

The Housing Authority entered into an Interlocal Cooperation Agreement for inter-jurisdictional coordination relating to affordable housing within Snohomish County along with the cities of Arlington, Edmonds, Everett, Granite Falls, Lake Stevens, Lynnwood, Marysville, Mill Creek, Mountlake Terrace, Mukilteo, Stanwood and Snohomish, the town of Woodway, the Town of Darrington, and Snohomish County, referred to as the Alliance for Housing Affordability (AHA). The Parties have a common goal to facilitate the availability of affordable housing within Snohomish County and to provide a common foundation for housing policies and programs in Snohomish County. The purpose of the Agreement is to create a venue for the Parties to undertake planning, cooperation, and education in support of the goal of enhancing the supply of affordable housing in Snohomish County. The original Agreement became effective in July 2013 and has been extended through June 30, 2025. It can be extended in two-year increments prior to March 31st of the final year of each term.

At inception, the City of Mountlake Terrace was the Fiscal Agent, and the Housing Authority was the Administrative Agent. After a unanimous vote of the AHA board on October 25, 2017, the Housing Authority became both the Fiscal Agent and Administrative Agent. The Authority began the duties of fiscal agent in fiscal year 2018. Funding for the Alliance's one full-time professional comes from contributions from each of the cities and the County. The Housing Authority committed to provide modest staffing and an administrative base to support the Alliance and is now contributing cash due to the end of the Gates Foundation grant funding as of June 30, 2015. Although the Authority is providing minimal staff support for the committee, the Alliance is not a Housing Authority project. The Housing Authority is reimbursed for its costs in providing the services required as Administrative Agent, which include providing qualified staffing for technical and administrative services.

NOTE 13 – LONG TERM DEBT: LOAN & NOTES PAYABLE NONCURRENT

The Loan & Notes Payable included in the noncurrent liabilities section on the Authority's Statement of Net Position is unearned revenue from multiple loan classes. The largest of these loan classes is

Community Development Block Grant (CDBG) funds, totaling over \$2.0M (80% of the total) that were loaned through the Single-Family Rehabilitation Loan Program. The second largest of these loan classes is HOME Investment Partnerships Program (HOME) funds which total \$312k (12%) that were also loaned through the Single-Family Rehabilitation Loan Program. Snohomish County, through Ordinance #80-088, established the Snohomish County Housing Rehabilitation Loan Program on November 6, 1980. The Housing Rehabilitation Loan Program provided existing low-income homeowners with low interest amortizing and deferred payment loans for critical health and safety repairs to their homes. The Program was administered by the Housing Authority with funding received through Snohomish County's CDBG and HOME Program grant awards.

While the Single-Family Rehabilitation Loan Program was operational, CDBG and HOME funds were remitted from Snohomish County to the Housing Authority who then paid vendors to complete health and safety repairs. The Authority booked a liability (deferred revenue) and an equal offsetting asset (accounts receivable) when the funds were received from Snohomish County and paid to vendors. These receivables are the funds that were loaned to low-income homeowners through this loan program.

In June 2012, the Housing Authority made the decision to discontinue the Single-Family Rehabilitation Loan program. The Housing Authority continues to provide loan servicing for this portfolio of loans and remits the proceeds to Snohomish County monthly, thereby reducing both the Notes and Loans Receivable (asset) and Loan and Notes Payable (liability) balances. As of June 2023, the portfolio contained 98 amortizing and deferred-payment loans totaling \$2,500,693. Eight (8) of the loans were funded with federal HOME funds, ninety-one (83) were funded with CDBG funds, and seven (7) with other funds.

NOTE 14 – LOAN & NOTES RECEIVABLE NONCURRENT

The Loan & Notes Receivable of \$3.0 million that are included in the noncurrent assets section on the Authority's Statement of Net Position include \$2.5 million of receivables from the Single-Family Rehabilitation Loan Program which are offset by \$2.5 million in Loans and Notes payable, as detailed in Note 13 – Long Term Debt: Loan & Notes Payable Noncurrent. Conduit Projects receivable were removed from the Authority's financial statements in fiscal year 2023 along with the offsetting noncurrent non-tax credit partnership conduit bonds, as discussed in Note 6 – Long Term Debt. The balance of \$537,000 is a note receivable that the Authority issued in 2016 when Fairview Apartments was sold to a local non-profit entity.

NOTE 15 – DEFINED BENEFIT OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLANS

The Housing Authority, through the Health Care Authority (HCA), administers a single employer defined benefit other postemployment benefit (OPEB) plan. The following table represents the aggregate OPEB amounts for all plans subject to the requirements of GASB 75 for the fiscal year 2023:

Aggregate OPEB Amounts – All Plans	
OPEB Liabilities	\$2,090,724
OPEB Assets	\$0

Deferred outflows of resources	\$0
Deferred inflows of resources	\$0
OPEB expenses/expenditures	(\$373,478)

Plan Description

Per RCW 41.05.065, the Public Employees' Benefits Board (PEBB), created within the HCA, is authorized to design benefits and determine the terms and conditions of employee and retired employee participation and coverage. PEBB establishes eligibility criteria for both active employees and retirees. Benefits purchased by PEBB include medical, dental, life, and long-term disability.

The relationship between the PEBB OPEB plan and its member employers, their employees, and retirees is not formalized in a contract or plan document. Rather, the benefits are provided in accordance with a substantive plan in effect at the time of each valuation. A substantive plan is one in which the plan terms are understood by the employers and plan members. This understanding is based on communications between the HCA, employers, and plan members, and the historical pattern of practice with regard to the sharing of benefit costs. The understanding by the employer and plan members is that there is no contractual obligation to continue the substantive plan as an employee benefit on an ongoing basis. Nevertheless, the actuarial assumption used in valuations presented in this footnote assumes that this substantive plan will be carried forward into the future.

Employees Covered by Benefit Terms

At June 30, 2023, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	6
Inactive employees entitled to but not yet receiving benefits	0
Active employees	88
Total	94

Currently, the Authority does not pre-fund post-retirement medical insurance subsidies. Since the PEBB plan subsidies are funded on a pay-as-you-go basis, the plan has no assets to invest and does not issue a publicly available financial report. The PEBB retiree OPEB plan is available to employees who elect at the time they retire to continue coverage and pay the administratively established premiums under the provisions of the retirement system to which they belong. Retirees' access to the PEBB plan depends on the retirement eligibility of their respective retirement system. PEBB members are covered in the following retirement systems: PERS, PSERS, TRS, SERS, WSPRS, Higher Education, Judicial, and LEOFF 2. However, not all employers who participate in these plans offer PEBB to retirees.

Benefits Provided

Per RCW 41.05.022, retirees who are not yet eligible for Medicare benefits may continue participation in the Authority's non-Medicare community-rated health insurance risk pool on a self-pay basis. Retirees in

the non-Medicare risk pool receive an implicit subsidy. The implicit subsidy exists because retired members pay a premium based on a claims experience for active employees and other non-Medicare retirees. The subsidy is valued using the difference between the age-based claims costs and the premium. In calendar year 2021, the average weighted implicit subsidy was valued at \$384 per adult unit per month. In calendar year 2022, the average weighted implicit subsidy is projected to be \$390 per adult unit per month.

Retirees who are enrolled in both Parts A and B of Medicare may participate in the Authority's Medicare community-rated health insurance risk pool. Medicare retirees receive an explicit subsidy in the form of reduced premiums. Annually, the HCA administrator recommends an amount for the next calendar year's explicit subsidy for inclusion in the Governor's budget. The final amount is approved by the state Legislature. In calendar year 2022, the explicit subsidy was up to \$183 per member per month, and it will remain \$183 per member per month in calendar year 2023.

Administrative costs as well as implicit and explicit subsidies are funded by required contributions (RCW 41.05.050) from participating employers. The subsidies provide monetary assistance for medical benefits. Contributions are set each biennium as part of the budget process. The benefits are funded on a pay-as-you-go basis.

Assumptions and Other Inputs

The Alternative Measurement Method (AMM) was used to measure the total OPEB liability since the Authority has less than 100 employees who are provided with benefits through the OPEB plan at the beginning of the measurement period.

Reporting Assumptions

The total OPEB liability was determined using the following methodologies:

Actuarial Valuation Date	6/30/2023
Actuarial Measurement Date	6/30/2023
Actuarial Cost Method	Entry Age
Amortization Method	Recognized Immediately
Asset Valuation Method	N/A – No Assets

The total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation Rate	2.35%
Projected Salary Changes	3.25% + Service-Based Increases
Healthcare Trend Rates	Initial rate ranges from about 2-16%, reaching an ultimate rate of approximately 3.8% in 2075.
Post-Retirement Participation Percentage	60%
Percentage with Spouse Coverage	45%

Discount Rate

Since OPEB benefits are funded on a pay-as-you-go basis, the discount rate used to measure the total OPEB liability was set equal to the Bond Buyer General Obligation 20-Bond Municipal Bond Index, as listed below.

Beginning of Measurement Year	3.54%
End of Measurement Year	3.65%

Mortality Rates

Base Mortality Table	PubG.H-2010 (General)
Age Setback	0 years
Mortality Improvements	MP-2017 Long-Term Rates
Projection Period	Generational

Alternative Measurement Method Specific Assumptions

Health Plan Choice	The assumption that 3/4 of members select a UMP plan and 1/4 of members select a Kaiser Permanente (KP) plan was made.
UMP Costs and Premiums	UMP pre- and post-Medicare costs and premiums are equal to the Uniform Medical Plan (UMP) Classic.
KP Costs and Premiums	The KP pre-Medicare costs and premiums are a 40/60 blend of KP WA Classic and KP WA Value.
KP Post-Medicare	The KP post-Medicare costs and premiums are equal to KP WA Medicare.
Retirement Service	Retirement service for each active cohort was estimated based on the average entry age of 35. Service is a component of benefit eligibility.
Additional Assumptions	Assumptions for retirement, disability, termination, and mortality are consistent with the most recent PEBB OPEB valuation. Changes were made for simplicity: Based on average expected retirement age of 65, active mortality rates for ages less than 65 and retiree mortality rates for ages 65+ were applied.

Each cohort is assumed to be a 50/50 male/female split.

Assumes 45% likelihood that retirees cover a spouse and assumes that eligible spouses are the same age as the primary member.

Age-based cohorts were selected for the AMM Online Tool based upon the overall distribution of State employees and retirees that participate in PEBB.

Dental benefits were excluded from the Total OPEB Liability calculation.

The following presents the total OPEB liability of the Housing Authority calculated using the current healthcare cost trend rate of 6.8 percent as well as what the OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate.

Healthcare Trend	1% Decrease	Current Healthcare Cost Trend Rate	1% Increase
Total OPEB Liability	\$1,703,303	\$2,090,724	\$2,598,955

The following presents the total OPEB liability of the Housing Authority calculated using the discount rate of 3.5 percent, as well as what the OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.5%) or 1-percentage point higher (4.5%) than the current rate.

Discount Rate	1% Decrease (2.5%)	Current Discount Rate (3.5%)	1% Increase (4.5%)
Total OPEB Liability	\$2,514,910	\$2,090,724	\$1,754,494

Changes in Total OPEB Liability

Total OPEB Liability Measurement Date of June 30, 2023	
Total OPEB Liabilities at 7/1/2022	\$2,492,709
Service Cost	\$127,302
Interest Cost	\$92,248
Changes in Experience Data and Assumptions	(\$593,028)
Changes in Benefit Terms	\$0
Benefit Payments	(\$28,507)
Net Change in Total OPEB Liability	(\$401,985)
Total OPEB Liability at 6/30/2023	\$2,090,724

Total OPEB Expense for Fiscal Year Ending June 30, 2023	
Service Cost	\$127,841
Interest Cost	\$ 92,274
Changes in Experience Data and Assumptions	(\$593,028)
Changes in benefit terms	\$0
Transactions Subsequent to Measurement Date	\$0

Total OPEB Expense at 6/30/2023	(\$373,478)
--	--------------------

NOTE 16 – SUBSEQUENT EVENTS

novo on 52nd

The rebuild project for 242 units in 16 buildings at the 12-acre site that was previously Whispering Pines, novo on 52nd, was completed and fully leased up in August 2023. The Authority will purchase and assume the interest of The Inland Group, the current co-general partner in the tax credit partnership. The transfer is planned for the first quarter of 2024.

Westend II

Plans for construction of 26 units of multi-family affordable housing on the 0.8-acre site located at 1356 Cedar Avenue in Marysville, Washington in July 2019 were completed, and the property was fully occupied by the end of April 2023. The site is adjacent to one of the Authority's properties, Westend, on the eastern and southern borders of the site.

Pinewood/Timberglen

The Authority submitted a re-zone application to the City of Lynnwood to re-zone Pinewood and Timberglen Apartments, properties that are adjacent to each other in Lynwood. If the re-zone is approved, the Authority plans to redevelop the site sometime after summer of 2024. Navigation and services have been provided to assist residents with relocation.

Olympic & Sound View Tax Credit Partnership

The Authority intends to exercise the option to purchase the complex from the partnership in September 2023 since it is at the end of the tax credit compliance period of 15 years.

Changes of benefit terms: There were no changes in the benefit terms for the Pension Plans.

Changes of assumptions: Office of the State Actuary (OSA) actuarial results reflect the following changes in assumptions and methods:
-- OSA updated the Early Retirement Factors and Joint-and-Survivor Factors used in their model. These factors are used to value benefits for members who elect to retire early and for survivors of members that die prior to retirement. These factors match the administrative factors recently provided to DRS for future implementation that reflect current demographic and economic assumptions.

**Notes to Required Supplementary Information
for the Year Ended June 30, 2023**

Fiscal Years: Until a full 10-year trend is compiled, only information for those years available is presented.

Assets in Trust: Post-retirement medical insurance subsidies are not pre-funded, thus the plan has no assets to accumulate in a trust that meet the criteria in paragraph 4 of GASB 75.

Changes of benefit terms: There were no changes in the benefit terms for the OPEB Plan.

Changes in covered population: One less employee and one additional retiree were covered during fiscal year 2023 as compared to fiscal year 2022.

Changes of assumptions: Changes of assumptions and other inputs reflect the effects of changes in the discount rate each period. The following are the discount rates used in each period:

6/30/2017	3.58%
6/30/2018	3.87%
6/30/2019	3.50%
6/30/2020	2.21%
6/30/2021	2.16%
6/30/2022	3.54%
6/30/2023	3.65%

Housing Authority of Snohomish County

Notes to the Schedule of Expenditures of Federal Awards For Fiscal Year Ending June 30, 2023

NOTE 1 – Basis of Accounting

This schedule is prepared on the same basis of accounting as the Housing Authority of Snohomish County's financial statements. The Housing Authority of Snohomish County uses the accounting method prescribed by Generally Accepted Accounting Principles.

NOTE 2 – Program Costs

The amounts shown as current year expenditures represent only the federal grant portion of the program costs. Entire program costs, including the Housing Authority's portion, are more than shown. Such expenditures are recognized following, as applicable, either the cost principles in the OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3 – Federal Loans

The amount listed for each loan includes the proceeds received during the year and outstanding loan balances from prior years. Both the current and prior year loans are also reported on the Housing Authority's Schedule of Liabilities.

In 1992, the Authority was approved by the USDA Rural Housing Service to receive a loan totaling \$1,642,200 to finance housing in a rural area. The 6/30/2023 balance of this loan is \$896,586. In 1996, the Authority was approved by the USDA Rural Housing Service to receive loans totaling \$3,009,183 to finance rental housing in a rural area. The 6/30/2023 balance of this loan is \$1,689,500. In 2013, the Authority was approved by the USDA Rural Housing Service to receive a loan totaling \$1,334,990 to finance housing in a rural area. The 6/30/2023 balance of this loan is \$1,124,823. All loan balances are reported under CFDA 10.415. Both current and prior year loans are also reported on the Housing Authority's Schedule of Liabilities.

FY Ending Balance Total: \$3,710,909

NOTE 4 – Indirect Cost Rate

The Housing Authority of Snohomish County has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Housing Authority of Snohomish County (WA039)
EVERETT, WA

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the Washington State Constitution and is part of the executive branch of state government. The State Auditor is elected by the people of Washington and serves four-year terms.

We work with state agencies, local governments and the public to achieve our vision of increasing trust in government by helping governments work better and deliver higher value.

In fulfilling our mission to provide citizens with independent and transparent examinations of how state and local governments use public funds, we hold ourselves to those same standards by continually improving our audit quality and operational efficiency, and by developing highly engaged and committed employees.

As an agency, the State Auditor's Office has the independence necessary to objectively perform audits, attestation engagements and investigations. Our work is designed to comply with professional standards as well as to satisfy the requirements of federal, state and local laws. The Office also has an extensive quality control program and undergoes regular external peer review to ensure our work meets the highest possible standards of accuracy, objectivity and clarity.

Our audits look at financial information and compliance with federal, state and local laws for all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits and cybersecurity audits of state agencies and local governments, as well as state whistleblower, fraud and citizen hotline investigations.

The results of our work are available to everyone through the more than 2,000 reports we publish each year on our website, www.sao.wa.gov. Additionally, we share regular news and other information via an email subscription service and social media channels.

We take our role as partners in accountability seriously. The Office provides training and technical assistance to governments both directly and through partnerships with other governmental support organizations.
